Australian Religious Discrimination Bill delayed for further consideration

Australian Christian Lobby

ACL - www.acl.org.au

In a win for religious freedom the Prime Minister has agreed to delay tabling a Religious Discrimination Bill until it is in a form that can offer greater protections for people of faith.

The Prime Minister's decision comes in response to the advocacy of ACL, other church and faith leaders and hundreds of ACL supporters who took the time to voice their concerns, in a public consultation process.

There was a sense among church leaders that the Bill was not quite right. The government has agreed. The consultation is therefore constructive, and the process is working.

ACL is seeking to have the protections the exposure draft offers fine-tuned to guard against judicial activism, unintended consequences and gaps in the law.

We welcome the government's concern for getting the drafting right. A delayed law is better than a law with unintended consequences.

As this process continues over the

next few months, we will work to ensure that Australians of faith do not lose their job, future prospects or livelihood for making non-malicious statements of religious belief.

Some issues with the exposure draft that we raised in the consultations were -

- Protections to allow employees to make statements of belief had the unintended consequence of making large companies vulnerable to secondary boycotts- placing pressure on Christian employees.

- The Bill did not contain a definition of "religious activity" meaning the courts would define it, and parliament's intentions for the Bill could be undermined by judicial activism.

- The Bill prohibited statements of belief that "vilify" without defining the word. That left Australians of faith uncertain about what they could and could not say.

- "Commercial activity" is not the appropriate limit to place on religious bodies' right to act according to their faith. That limit prevents Christian enterprises like campsites, childcare and others from being able to adopt a religious ethos. A different limit should be adopted.

Thank you for your continued prayer and financial support for this vital advocacy.

“Why it's YEHovah, but HalleluYAh”

<https://youtu.be/0S4knZ5v84M>

Included in this 6 minute episode of Hebrew Voices, Nehemia Gordon explains why the vowel in "Yehovah" changes in "Yah" and why people who don't understand this Hebrew rule are pronouncing Yeshua's name wrong.

Gordon also explains his research into the origin of the word Yahweh finding nothing earlier than the 20th Century and then only in English and German texts. He also mentions there is no H in the Greek language.

And we may already know, there is no W in Hebrew hence YHVH (יהוה) and there is no V in Aramaic. Since ~300BC Aramaic texts **substitute** MRYA מרײא (*MasteR YAh*) for YHVH.

SECRET PARDON THEORY

Barack Obama (D)
PRESIDENT

Andrew Cuomo (D)
GOVERNOR NY

Jerry Brown (D)
GOVERNOR CA

THE SECRET PARDON THEORY

What if Obama secretly issued unconditional pardons during his **Lame Duck Presidency** from Nov 8, 2016 through Jan 20, 2017 to corrupt individuals (**INCLUDING HIMSELF**) for all **FEDERAL CRIMES** these bad actors committed from his first day in office until Jan 20, 2017?

What if Governor Cuomo & Brown did the same thing at the State Level for bad actors living in NY and CA? What if every former President did it?

Now assume Trump knew this dirty little secret because Q says "We have it all". Then Trump would need to play dumb from Inauguration Day forward to set up a **NEW** sting operation on these individuals starting Jan 20, 2017 to present.

As has been stated by numerous legal scholars, I have the absolute right to PARDON myself, but why would I do that when I have done nothing wrong? In the meantime, the never ending Witch Hunt, led by 13 very Angry and Conflicted Democrats (& others) continues into the mid-terms!

7:35 AM - 4 Jun 2016

TRUMP TWEETS CONTAIN CLUES.

Trump recently tweeted he has the absolute right to PARDON himself. Why would he tweet this? Most likely it was to "troll" (them) so Trump can showcase the hypocrisy of the MSM when Obama's secret pardon of HIMSELF is revealed.

They never thought she would lose.

THEY NEVER THOUGHT SHE WOULD LOSE.

Imagine it's election night, and you realize that Trump is your next President. You thought (she) would win because you had rigged the election. Now you must immediately do everything you can between Election Night and Inauguration Day to try to avoid jail or WORSE (ex: John McCain).

Why didn't HRC give a concession speech?

WHAT HAPPENED POST ELECTION DAY?

Obama's main job was likely to begin the process of drafting secret pardons (INCLUDING ONE FOR HIMSELF), classifying evidence, building firewalls and embedding operatives. Kerry rushed to Antarctica. Hillary got drunk. Bill got laid. Podesta probably called Marina and said "The Spirit Cooking didn't work". You get the idea.

WOW ... WESTPAC !?

By Peter Ewer. www.alor.org

**“Do as I say not as we do:
How fallen Westpac boss Brian
Hartzer ran a feelgood campaign to
end slavery — as the bank ignored
paedophiles sending cash to the
Third World to exploit kids for
sex.”**

'Westpac revelled in a high-powered luncheon about ending slavery, and for years issued feel-good position papers signed by the CEO about its 'zero tolerance' approach to human trafficking. But these lofty social gestures have been slammed as 'vacuous virtue signalling' amid allegations the bank long allowed its services to be used for child trafficking and exploitation - with the backlash forcing CEO Brian Hartzer to fall on his sword on Tuesday. As heads rolled over the growing bank scandal, Daily Mail Australia can reveal the company hosted a lavish business lunch titled 'The Truth About Human Trafficking' in October 2016. Global expert Christine Dolan flew in to the bank's Sydney headquarters to speak to an audience of about 100 guests, including author Tara Moss and Liberal party powerbroker Michael Photios. Executives should have been listening a little closer - with financial watchdog Austrac three years later

accusing the company of breaching anti-money laundering laws 23 million times. Among the alleged breaches are claims the company failed to monitor a dozen customers who have made transactions 'consistent with child exploitation typologies'. The watchdog claims that includes a customer who made payments to a person in the Philippines, and was later arrested for child sex trafficking and livestreaming child abuse. In court documents, the watchdog claims more than 3,000 payments went undetected by the bank for years, even though six customers repeatedly travelled to child sex hotspots in the region. Home Affairs minister Peter Dutton has told Parliament the company must pay the price for giving a 'free pass to paedophiles'. Meanwhile, leaked quotes from Mr Hartzer at an executive meeting that 'this is not Enron' led the CEO to resign on Tuesday morning. The revelations have left guests at Westpac's 2016 talk reeling - one said: 'I walked out of that talk feeling inspired, now I feel a bit dirty'. Every year since the lavish lunch, the company has produced an annual 'Slavery and Human Trafficking' statement, claiming it has a 'zero tolerance' approach and speaking about its 'commitment' to human rights. Each was signed by Mr Hartzer. Such is the wonderful world of globalised banking.
