Altering Human Genetics Through Vaccinations

TECHNOLOGY News & Trends

POSTED BY: JON RAPPOPORT JULY 5, 2018

<https://tinyurl.com/yxyaa2uo>

The National Institute of Allergy and Infectious Diseases (NIAID) has launched efforts to create a vaccine that would protect people from most flu strains, all at once, with a single shot.

Over the years, I've written many articles refuting claims that vaccines are safe and effective, but we'll put all that aside for the moment and follow the bouncing ball...

Here is a sentence from an NIAID press release that mentions one of several research approaches:

“NIAID Vaccine Research Center scientists have initiated Phase 1/2 studies of a universal flu vaccine strategy that includes an investigational DNA-based vaccine (called a DNA 'prime')...”

This is quite troubling, if you know what the phrase “DNA vaccine” means. It refers to what the experts are touting as the next generation of immunizations.

Instead of injecting a piece of a virus into a person, in order to stimulate the immune system, synthesized genes would be shot into the body. This isn't traditional

vaccination anymore. It's gene therapy.

In any such method, where genes are edited, deleted, added, no matter what the pros say, there are always “unintended consequences,” to use their polite phrase. The ripple effects scramble the genetic structure in numerous unknown ways.

Here is the punchline: “The viruses invade human cells with their DNA payloads, and the synthetic gene is incorporated into the recipient's own DNA. If all goes well, the new genes instruct the cells to begin manufacturing powerful antibodies.”

Read that again: “the synthetic gene is incorporated into the recipient's own DNA.”

Alteration of the human genetic makeup. And the further implications are clear. Vaccines can be used as a cover for the injections of any and all genes, whose actual purpose is re-engineering humans in far-reaching ways.

The emergence of this Frankenstein technology is paralleled by a shrill push to mandate vaccines, across the board, for both children and adults. The pressure and propaganda are planet-wide.

The freedom and the right to refuse vaccines has always been vital. It is more vital than ever now.

It means the right to preserve your inherent DNA.

Vaccines: “preventing every bad thing”

but... “the measles vaccine can create a worse form of measles”

We begin with this:

“Administration of KMV (killed measles vaccine) apparently set in motion an aberrant immunologic response that not only failed to protect children against natural measles, but resulted in heightened susceptibility.” JAMA Aug. 22, 1980, vol. 244, p. 804, Vincent Fulginiti and Ray Helfer. The authors indicate that such children can come down with “an often severe, atypical form of measles. A typical measles is characterized by fever, headache... and a diverse rash (which)... may consist of a mixture of macules, papules, vesicles, and pustules...”

In other words, the measles vaccine can create a worse form of measles. This is not the normal form of the illness, from which children routinely recover with the bonus of lifetime immunity. No, this is a severe, atypical, dangerous, synthetic, vaccine-induced disease.

Now read this: “...the window of vulnerability of an infant may be even greater in vaccinated women than in

with women with natural measles infection.” (Am. J. Trop. Med. Hyg., 79(5), 2008, pp. 787–792).

Translation: Measles occurring in infants—which is unusual and dangerous—is more likely to occur when the mother has been vaccinated against measles. Why? Because she no longer passes down, to her child, the natural components of immunity to measles.

This stunning finding can apply across the board, for all vaccines and all childhood illnesses. Vaccinated mothers, who would ordinarily pass down natural immune factors to their babies, often don't.

The vaccinators are creating a synthetic world of pretended immunity. And they want the global population to live inside that bubble and suffer the consequences.

Medical experts have spewed a great deal of nonsense promoting how serious childhood diseases are. This is an attempt to refute centuries of evidence showing children recover nicely from these illnesses and thus acquire lifetime immunity.

The “seriousness” of the diseases, when they are serious, results from two factors: vaccinated mothers, and a general weakness of children's immune systems. And that weakness results from sub-standard nutrition and a lack of nutritious breast-feeding.

Of course, breast feeding isn't going to be naturally nutritious if the mother has been previously loaded

with vaccines. It's a vicious circle.

And remember this: no amount of vaccines is going to solve tremendously sub-standard childhood nutrition.

Claiming that undernourished children must be vaccinated up to their eyeballs—as “substitute protection” against disease—is an egregious and despicable lie.

The vaccine establishment is fully aware of what I'm discussing here, and it has covered it up. There is no substitute for natural immunity derived from good nutrition.

Finally, if you revisit the first quote in this article, you'll see another factor at work. The measles vaccine that paves the way for “severe, atypical” measles in children? The vaccine could be falsely exonerated on the grounds that the symptoms which develop in children don't add up to measles at all. What these children have doesn't look like measles—

And therein lies one of the greatest secrets about all vaccines. They appear to wipe out diseases, because, after vaccination, the signs and symptoms ordinarily associated with those diseases often don't occur.

Instead, the old symptoms are altered or don't appear at all. Therefore, medical experts can claim that mumps or measles or pertussis or diphtheria have been eliminated from the population—when in fact what is happening is the emergence of vaccine-induced disease with

different symptoms. And those symptoms are given different disease-names.

Polio? Gone. Now we have meningitis. Smallpox? Gone. Now we have “lesions of unknown origin” or Kaposi's Sarcoma.

Vaccinated children become more ill than they would have, and children die. But it doesn't matter for the sellers and enforcers of vaccines, because they can say, “Look, vaccines are extraordinarily successful wherever they're given; they wipe out diseases.” No they don't. They just transfer the pictures of symptoms.

And they cut off the population from natural and powerful immunity, the very same immunity that, along with improved nutrition, better basic sanitation, and a higher standard of living, made many serious diseases into light illnesses.

It's all a shell game. If the vaccinators confessed, they would say something like this:

“Okay folks, here's what we do. We give the mother and her baby a shot against Disease A. Disease A is a set of recognizable symptoms. After vaccination, that set of symptoms will occur far less often. Instead, a new set of far more dangerous symptoms will occur. We'll call those symptoms Disease B. And we'll say Disease A has been wiped out...”

This shell game is played with human lives sacrificed on the altar of profits, and the creation of more debilitation and death.

PIKES 1871 VISION OF 3 WORLD WARS SKEWERED this week

**with President Trump's
speech to The World
Economic Conference in
Davos, Switzerland.**

“We must reject the perennial prophets of doom and their predictions of the apocalypse,” Trump said. “These alarmists always demand the same thing: absolute power to dominate, transform, and control every aspect of our lives.”

<https://tinyurl.com/uw2dd6e>

Not just climate; the President may also include Albert Pike's evil vision?

**In 1870 Illuminati Grand
Wizard Albert Pike envisioned
how World Wars I, II & III will
culminate in a Luiferian
New World Order.**

The first and second World Wars were accomplished as envisioned. Pike's letter continues "...The Third World War must be fomented by

taking advantage of the differences caused by the 'agentur' of the 'Illuminati' between the political Zionists and the leaders of Islamic World. The war must be conducted in such a way that Islam (the Moslem Arabic World) and political Zionism (the State of Israel) mutually destroy each other. Meanwhile, the other nations, once more divided on this issue will be constrained to fight to the point of complete physical, moral, spiritual and economical exhaustion.”

“We shall unleash the Nihilists and the atheists, and we shall provoke a formidable social cataclysm which in all its horror will show clearly to the nations the effect of absolute atheism, origin of savagery and of the most bloody turmoil.”

“Then everywhere, the citizens, obliged to defend themselves against the world minority of revolutionaries, will exterminate those destroyers of civilization, and the multitude, disillusioned with Christianity, whose deistic spirits will from that moment be without compass or direction, anxious for an ideal, but without knowing where to render its adoration, will receive the true light through the universal manifestation of the pure doctrine of Lucifer, brought finally out in the public view. This manifestation will result from the general reactionary movement which will follow the destruction of Christianity and atheism, both conquered and exterminated at the same time.” <https://tinyurl.com/usbm3fy>
