# The Zionist-Created Scofield 'Bible'

## The Source of the Problem in The Mideast – Why Judeo-Christians Support War

Source: <https://tinyurl.com/y5rnbqb9>

The World Zionist movement, as its Jewish founders called themselves, had plans to acquire a homeland for all Jews worldwide, even though most were far from homeless, and many did not want another home. Not any land would do. World Zionists wanted a specific property that American Christians called “the Holy Land.”

As self-proclaimed Jews, they were, according to the Christian New Testament, the persecutors of Christ and most of his early followers, and the engineers of his crucifixion. America's traditional churches in the 19th Century would never stand for a Jewish occupation of Jesus' homeland.

World Zionist leaders initiated a program to change America and its

religious orientation. One of the tools used to accomplish this goal was an obscure and malleable Civil War veteran named Cyrus I. Scofield. A much larger tool was a venerable, respected European book publisher – The Oxford University Press.

The scheme was to alter the Christian view of Zionism by creating and promoting a pro-Zionist subculture within Christianity. Scofield's role was to re-write the King James Version of the Bible by inserting Zionist-friendly notes in the margins, between verses and chapters, and on the bottoms of the pages. The Oxford University Press used Scofield, a pastor by then, as the Editor, probably because it needed such as man for a front. The revised bible was called the Scofield Reference Bible, and with limitless advertising and promotion, it became a best-selling “bible” in America and has remained so for 90 years.

The Scofield Reference Bible was not to be just another translation, subverting minor passages a little at a time. No, **Scofield produced a revolutionary book that radically changed the context of the King James Version.** It was designed to create a subculture around a new worship icon, the modern State of Israel, a state that did not yet exist, but which was already on the drawing boards of the committed, well-funded authors of World Zionism....

... Scofield imitated a chain of past heretics and rapturists, most of whose credibility fizzled over their

faulty end times prophecies. His mentor was one John Nelson Darby from Scotland, who was associated with the Plymouth Brethren and who made no less than six evangelical trips to the US selling what is today called “Darbyism.” It is from Darby that Scofield is thought to have learned his Christian Zionist theology, which he later planted in the footnotes of the Scofield Reference Bible. It is possible that Scofield’s interest in Darbyism was shared by Oxford University Press, for Darby was known to Oxford University. e.g. “A History of The Plymouth Brethren” by William Blair Neatby, M.A.

**The Oxford University Press owned “The Scofield Reference Bible” from the beginning, as indicated by its copyright, and Scofield stated he received handsome royalties from Oxford. Oxford’s advertisers and promoters succeeded in making Scofield’s bible, with its Christian Zionist footnotes, a standard for interpreting scripture in Judeo-Christian churches, seminaries, and Bible study groups.**

The Scofield Reference Bible and its several clones is all but worshiped in the ranks of celebrity Christians, beginning with the first media icon, evangelist Billy Graham. Of particular importance to the Zionist penetration of American Christian churches has been the fast growth of national bible study organizations. These draw millions of students from not only evangelical fundamentalist churches,

but also from Catholic and mainline Protestant churches and non-church contacts. These invariably teach forms of “dispensationalism,” which draw their theory, to various degrees, from the notes in the Oxford Bible.

Among more traditional churches that encourage, and in some cases recommend, the use of the Scofield Reference Bible is the huge Southern Baptist Convention of America, whose capture is World Zionism’s crowning achievement. Our report on Southern Baptist Zionism, entitled “The Cause of the Conflict: Fixing Blame.

Scofield, whose work is largely believed to be the product of Darby and others, wisely chose not to change the text of the King James Edition. Instead, he added hundreds of easy-to-read footnotes at the bottom of about half of the pages, and as the Old English grammar of the KJE becomes increasingly difficult for progressive generations of readers, students become increasingly dependent on the modern language footnotes.

... Scofield’s borrowed ideas were later popularized under the labels and definitions that have evolved into common usage today—“pre-millennialism,” “dispensationalism,” “Judeo-Christianity,” and most recently the highly political movement openly called “Christian Zionism.”... # Australia To Hold The Government To Account For Death And Injury To Australian Babies, Children And Adults From The Current Vaccination Program

## Vaccines have NEVER been Safety Tested.

It is estimated using the Australian Governments own DAEN Vaccine Injury database (Database of Adverse Events Notifications) that 4000 innocent Australian babies children and adults, Indigenous and non-Indigenous, have been killed by the administration of vaccines in Australia since 1989.

**1,500,000 innocent Australian babies children and adults, Indigenous and non-Indigenous, have been maimed and crippled by the administration of vaccines in Australia since 1989.**

These figures are based on the Australian Governments own TGA Database of Adverse Events Notification from 1989 to the present

day, using Harvard University Research Study on the VAERS (Vaccine Adverse Events Reporting System) database in the USA which reports that less than 1% of death and injury due to vaccines are recorded.

Here are these actual reports:

<http://tiny.cc/sa4gbz> & <http://tiny.cc/lf4gbz>

Vaccines have never undergone double-blind, controlled trials using an INERT placebo. This is the gold standard of pharmaceutical testing.

Robert F Kennedy Jr explains this in a recent speech. Video:

<https://youtu.be/hMH6hfw8>

Vaccine manufacturers have used a loophole in testing laws. That is that vaccines are classified as biologics and not as pharmaceutical drugs. This allows them to do vastly less testing. This means new vaccines can be rushed to market. They don't need to PROVE they work. They don't need to PROVE they are safe, BEFORE they are licenced and sold.

## The Irrefutable Argument Against Vaccine Safety

# Where are Australia's Vaccines made?

[Where are Australia's Vaccines Made? Judy Wilyman PhD](#)

Vaccines today, like most pharmaceutical products, are no longer being produced or regulated in the countries in which they are used. There is an extensive international network of production and most Australian vaccines are made in other countries and licensed in the USA where vaccine manufacturers are free from liability for any harm that vaccines ... **Our babies and children are being injected with vaccines containing known poisons, carcinogens, neurotoxins and immunotoxins and all sorts of foreign DNA, both male and female, from monkeys, chickens, human fetuses, worms, the list goes on.**

For official verification of this see the CDC website:

<https://www.cdc.gov/vaccines/vac-gen/additives.htm>

Now the Australian Government is coercing Australians to vaccinate using the scientifically fraudulent concept of Herd Immunity of Vaccines.

Where vaccine testing has been done in the past, it has been trivial, unscientific and over short periods of time. The placebos used in the testing have been toxic adjuvants, like aluminum, or even other vaccines. Vaccines are NOT safe, as the Australian Government keeps saying.

[Herd Immunity: A False Rationale for Vaccine Mandates](#)

By the Children's Health Defense Team, Herd immunity is a largely theoretical concept, yet for decades, it has furnished one of the key underpinnings for vaccine mandates in the United States. The public health establishment borrowed the herd immunity concept from pre-vaccine observations of natural disease outbreaks. Then, without any apparent supporting science, officials ...
