# Pfizer's coronavirus vaccine requires storage at -70C ... because it contains experimental nanotech components that have NEVER been used in vaccines before

BY HEALTHRANGER // 2020-11-18

Bypass censorship via this link

<https://www.distributednews.com/475569.html>

You're seeing the reports all over the news: Pfizer's new coronavirus vaccine requires storage at -70C (-94F), which is much colder than the North Pole. If it's not stored at this temperature, its ingredients begin to break down and it fails to work. Currently Pfizer is claiming, without evidence, that its vaccine is "90% effective." But this claim is little more than corporate propaganda designed to drive up stock prices through false projections.

But why do these vaccines need to be kept at -70C in the first place? The

answer, it turns out, is because **they contain potentially hazardous ingredients that have never been used in vaccines before.** as [Children's Health Defense explained in an August 6th article](#), "mRNA vaccines undergoing Covid-19 clinical trials, including the Moderna vaccine, rely on a nanoparticle-based "carrier system" containing a synthetic chemical called polyethylene glycol (PEG)."

CHD goes on to explain: *The use of PEG in drugs and vaccines is increasingly controversial due to the well-documented incidence of adverse PEG-related immune reactions, including life-threatening anaphylaxis. Roughly seven in ten Americans may already be sensitized to PEG, which may result in reduced efficacy of the vaccine and an increase in adverse side effects. If a PEG-containing mRNA vaccine for Covid-19 gains FDA approval, the uptick in exposure to PEG will be unprecedented—and potentially disastrous. Moderna documents and publications indicate that the company is well aware of safety risks associated with PEG and other aspects of its mRNA technology but is more concerned with its bottom line.* Learn more about the super cold temperature requirements for the coronavirus vaccine in my Daily News Brief for Nov. 18th, 2020:

## Lipid nanoparticles cause hyperinflammatory responses in the body, leading to severe reactions, hospitalization and potentially DEATH

Why are LNPs (Lipid Nanoparticles) used in these vaccines? As CHD further explains: LNPs "encapsulate the mRNA constructs to protect them from degradation and promote cellular uptake" and, additionally, rev up the immune system (a property that vaccine scientists tamely describe as LNPs' "inherent adjuvant properties") In other words, the LNPs are **adjuvants**, meaning they are designed to cause hyperinflammatory responses in human beings, once injected. This is done in an effort to induce the creation of antibodies that then allow the vaccine manufacturer to claim high "effectiveness" rates, even when those very same adjuvants cause severe adverse reactions. According to recent vaccine trials conducted by Moderna, 100% of human subjects in the high-dose vaccine trial group experienced adverse reactions.

## UK government prepared for a vaccine death wave

The adverse reactions caused by mRNA coronavirus vaccines are so widespread that the UK government recently admitted it is expecting a massive wave of coronavirus vaccine "adverse reactions" / side effects. As described in my previous article, ["VACCINE DEATH WAVE: UK government posts bid for AI system to process the expected flood of COVID-19 vaccine injuries and side effects described as a 'direct threat to patient life'"](#) The UK government has posted a bid and an award contract notice, seeking an Artificial Intelligence (AI) system that can process the expected flood of covid-19 vaccine injuries and side effects. That bid explains, in the government's own words: *The MHRA urgently seeks an Artificial Intelligence (AI) software tool to process the expected high volume of Covid-19 vaccine Adverse Drug Reaction (ADRs) and ensure that no details from the ADRs' reaction text are missed.* In other words, they already know these vaccines are going to kill a huge number of people. David Knight featured a UK whistleblower on his

show today who revealed that coronavirus vaccine adjuvants are demonstrating a **97% sterility rate in women** who take the vaccine. This is what happens when you turn your protein synthesis over to evil corporations who are pursuing a global depopulation agenda:

## Coronavirus vaccine deaths will be categorized as covid-19 deaths to keep the scam going

Most importantly, as people start dying from coronavirus vaccines, **the medical establishment will categorize all those deaths as "covid-19 deaths" in order to claim the pandemic is getting worse.** This will create a whole new cycle of death, media hysteria and mandatory vaccine policies. Those, in turn, will kill even more people, feeding into the very same feedback loop that results in even more people being vaccinated and killed. Ultimately, **the vaccines themselves will likely end up killing more people than the coronavirus.** And we will have achieved George Orwell's authoritarian medical nightmare

where the "treatment" keeps the pandemic going in perpetuity, all while the entire scandemic is used to crush human freedom and enslave people in their own homes and apartments, all around the world. This is what happens when you let Big Pharma collude with the deep state to crush human freedom and work toward their ultimately goal of **mass genocide against the human race.** Bill Gates is no doubt celebrating right now, even before the mass deaths begin. If you want to survive all this, **resist the coronavirus vaccine at all costs.**

Resist vaccine violence with every means of self-defense you have available, or you will be killed. (Check back later, we are adding a podcast and a flow diagram to this story...) The AstraZeneca vaccine, by the way, is made with aborted human fetal cells from a 14-week-old male baby. So if you get injected with this vaccine, it's **medical cannibalism**, and you're supporting the baby body parts harvesting-for-profit industry (i.e. Planned Parenthood baby chop shops).

## (Continued from last week) WILL TRUMP WIN BY DEFAULT?

### The 270 Electoral Vote Threshold

There is a profound and pervasive misunderstanding about the 270 electoral votes necessary to win the U.S. presidential election. Yes,

270 are required to win, but if a candidate's campaign engages in a massive voting fraud and/or election theft operation, they have automatically disqualified themselves from the race. Especially when such a highly organized operation was conducted with the explicit purpose to steal the election have the perpetrators rendered themselves unfit to serve in high office.

**KEY POINT: Joe Biden has already proven himself permanently ineligible to hold any office in the U.S. Federal Government by virtue of his admitted crimes and corruption.**

See: [UNITED STATES CODE: Joe Biden is permanently disqualified from holding any public office in the U.S. Federal Government](#)

In point of fact, the Biden-Harris campaign has, with absolute certainty, committed fraud on a truly epic scale in order to decisively steal this election. There is now an overwhelming volume of hard evidence that proves beyond any doubt that this election was outright stolen from President Trump by the Democrat Party. Much of that rapidly growing body of evidence is scientifically based and data-driven; some of it is anecdotal and circumstantial, still other conclusive proofs are being submitted in the form of videos, photos and audios. Then there are the missing or destroyed or altered ballots

themselves which are showing up near or at the numerous crime scenes across the country. The Democrat's mail-in ballot fraud is perhaps the greatest systematic crime spree ever implemented. The stark reality is that it's now apparent that the Democrat Party was so desperate and reckless and brazen in the execution of their fraudulent schemes and multifarious plots that they now must prove they did not steal this election. Biden and Harris are rightly on the defensive in the face of so much unmitigated fraud and election-related crime. They should not be rewarded with a victory in any case; rather, they should be incarcerated post-haste.

***What's the critical point?***

**All President Trump has to do is prove that Team Biden (which includes the Democrat Party) carried out intentional fraud to steal the election**, which they did to a tremendous degree and IN BROAD DAYLIGHT. The Democrat perpetrators did not even care if they got caught. Not only that, they barely tried to cover up their criminal activity leaving their fingerprints all over the myriad crime scenes. In view of their unrivaled 2020 election-cycle crime spree, the Biden-Harris ticket has irreversibly relinquished their Democrat nomination to stand for the POTUS/VPOTUS election. The key legal axiom and constitutional requirement which applies in this particular regard is:

**“FRAUD VITIATES EVERYTHING”**
