The 2020 [US] elections were safeguarded X 3 The US Military SpaceForce National Security Agency We captured everything via wired internet We captured everything via wireless internet We captured everything via satellite

Every dominion machine that was connected to the internet we were connected to. And not just here from the United States, we had 8 different geographic locations that we captured data, packets, and transmissions from. We have the data We have the packets

We have the transmission WE HAVE IT ALL! We have every legal vote captured in real time from the moment the polls opened until the polls closed.

We know what the real vote count was when the polls closed on Nov 3rd, we have every change, manipulation and adjustment they made in order to cheat and rig the election.

Even the large dump of changes that were captured on the scytl server in Germany, analyzed and then sent to China, so they could adjust the votes and then sent back to the United States via

the dominion machines at 3:02am early Nov 4th, 2020.

Everything that has happened over the 5+ months is happening according to the plan.

REGARDING THE PLAN... We have to all ask ourselves these questions.....

How do we reverse brainwashing the entire country without fracturing the minds of millions and bringing our government to a grinding halt.

How do we wake up the millions of people who are now realizing what a massive mistake it was to trust the Dems, while they try to awaken from the Biden nightmare they voted for.

How do we expose vaccines without allowing people to see for themselves the horrors of injecting yourself with experimental poisons.

How do we safeguard future elections, returned power to the people and established Voter ID laws without using the election as a sting operation to show the country how globalists have been controlling the US for decades.

How do we expose the massive amount of traitors in both political parties, every branch of government, the Supreme Court, etc. who otherwise would have continued to slither under the radar, while pretending to care about this country as much as the

money and power they receive for selling us out.

How do we arrest ANYBODY with every single part of our justice system being highly compromised.

How do we accomplish ANY of this with Trump as President, without half of the country labeling him a dictator and descending into absolute chaos.

How do we navigate the world stage during this time and given us the best chance to work with other major powers to expose their own deep state.

How do we give people a taste of living in a technocratic socialist nightmare, so they never let this happen again?

Don't forget that every decision you make has to be 100% legal AND constitutional.

Lastly I'd like to point out something that most people don't seem to understand.

The information that our Military has, the actions they take and the results of those actions are 95% (or more) hidden from the public. There are MANY reasons for that.

You must also realize that taking down a globalist cabal isn't as simple as making arrests and moving on with life. It's an unbelievably complex process. You may think "nothing is happening" (even though the clues are EVERYWHERE if you open your eyes and look past your nose to see), but that couldn't be further from the truth. EVERYTHING is happening, and

you aren't seeing it because you don't have a need to know. You aren't an operator. You don't have Q clearance. Most importantly, you're letting your emotions cloud your judgement.

When the tides turn (and they will) we will have full transparency.

We will be validated. We will see justice. Until then, you must understand that this is WAR.

A war doesn't speed up because peoples feeling are being hurt.

Not everything will be clean. Nothing comes easy.

There are very few moves left on the chess board.

The immense panic from our enemy should tell you everything you need to know.

Trust God, Trust His plan, Trust His timing - Hold The Line - The Best Is Yet To Come!

COMMUNITY LAW RESOURCES ASSOCIATION PRESS RELEASE IS QUEENSLAND LOCAL GOVERNMENT VALID?

SOME FACTS

▷1. All Parliaments require authority from somewhere to make Laws.

▷2. Where does the Queensland Parliament receive its authority

from?

- ▷3. Answer; the Queensland Constitution s8 and the Commonwealth Constitution s108.
- ▷4. The Queensland Constitution is subject to the Commonwealth Constitution s106.
- ▷5. Local Government relies on the Local Government Act 2009 (Qld) for its existence.
- ▷6. The Local Government Act 2009 (Qld) relies on s70 of the Queensland Constitution for its existence.
- ▷7. Municipal institutions and local government, **is in the Commonwealth Constitution** as a department of a State Government. (Pages 935 & 936 Annotated Constitution).
- ▷8. In 1989, The Parliament of Queensland amended the Queensland Constitution to include s54-56 which inserts Local Government into the Queensland Constitution.

Some questions answered.

1. Can the Parliament of Queensland amend the Commonwealth Constitution? **NO.** Only the people of the Commonwealth can do that by means of s128 (referendum) of such Constitution.
2. Can the Parliament of **Queensland** create any Laws that are inconsistent with the Commonwealth Constitution? **NO.** per section 106 & 108 of the Commonwealth Constitution.

Some more Facts.

1. Therefore, s54-56 of the Queensland Constitution is unlawful and, as a result, so is the Local Government Act 2009 and, consequently, so is Local Government as a Government.
2. Local Government can only be a Department of a State, and Departments of State Governments cannot govern us, cannot create Laws (Local Laws) and above all cannot Tax us (Rates).
3. Municipal institutions and local government are in the Commonwealth Constitution, as a department of a State Government. In 1989, the Queensland Parliament altered its Constitution to include a 3rd or an essential tier of Government which has effectively altered or is at least repugnant with the Commonwealth Constitution.

Statement

Local Government cannot govern us, cannot make laws for us (local law) and cannot tax us (rates).

Municipal institutions and local governments can only be a Department of a State, just like the Education Department or the Health Department.

Now the question for all Queensland State politicians is:

In 1989, where did the Queensland Parliament get its authority from to alter or at least make laws that are repugnant to the Commonwealth Constitution?

Doctors, Aussie MP battle pharma mafia for anti-COVID drugs that work

APR 16 Posted by [Editor, cairnsnews](#)

“What is being revealed in my opinion, about the world of global public health, public health in general, is being run like a mafia. There’s a Don somewhere and he’s got all these families that go by NGO names ... world body names. These are like Mafia families and they are using money laundering and extortion and a kind of protection racket scheme to cripple nation states and at the same time of course, enrich themselves.” – Independent researcher Polly St George aka [“Amazing Polly”](#)

By TONY MOBILIFONITIS

IN March 2020 a group of critical care doctors called Frontline Covid-19 Critical Care Alliance, embarked on a project to compile research and trial results on ivermectin, an anti-parasitic medicine commonly used on

animals, but also to treat COVID-19 (SARS_Cov2).

Over four months the group, led by Professor Paul E. Marik, found and reviewed numerous, controlled clinical trials from multiple centers and countries worldwide that reported consistent, large improvements in COVID patient outcomes when treated with Ivermectin. A comprehensive scientific review of the trials is available at the Open Science Foundation [pre-print server](#).

The summary of the research notes that an independent meta-analysis calculated the chances that ivermectin was ineffective in COVID-19 to be 1 in 67 million. By the most conservative estimates, that’s at least 67 times less than the chances of getting a serious or fatal COVID vaccine reaction (nearly 4000 post-vaccination deaths so far in Europe).

The enthusiastic doctors could see great promise in widespread ivermectin treatments and were given a hearing in the US Senate Homeland Security Committee. But FCCCA members were insulted by Democrat senator Gary Peters who ignorantly suggested the claims about ivermectin were a “conspiracy theory” and left the hearing without asking questions. The dismissals of ivermectin and hydroxychloroquine (HCL), is fueled by mainstream media pushing “only a vaccine can save us from COVID”.
