Division 2—Imposing human biosecurity control orders on individuals

Subdivision A—Imposing, varying and revoking human biosecurity control orders

Biosecurity Act Section 60 Imposing a human biosecurity control order on an individual

(1) The following officers may impose a human biosecurity control order on an individual:

- (a) a chief human biosecurity officer;
- (b) a human biosecurity officer;
- (c) a biosecurity officer.

Note 1: An officer who intends to impose a human biosecurity control order on an individual has certain powers under sections 68 and 69.

Note 2: Before imposing a human biosecurity control order, an officer

must be satisfied of the matters referred to in section 34 (the principles).

Note 3: The Director of Human Biosecurity must be notified of the imposition of a human biosecurity control order (see section 67).

(2) A human biosecurity control order may be imposed on an individual only if the officer is satisfied that:

- (a) the individual has one or more signs or symptoms of a listed human disease; or
- (b) the individual has been exposed to:
 - (i) a listed human disease; or
 - (ii) another individual who has one or more signs or symptoms of a listed human disease; or
- (c) the individual has failed to comply with an entry requirement in subsection 44(6) in relation to a listed human disease.

(3) To avoid doubt, an individual may fail to comply with an entry requirement in subsection 44(6) even if the individual is not able to comply with the requirement.

(4) An officer may include one or more biosecurity measures specified in Subdivision B of Division 3 in a human biosecurity control order.

Note: For the biosecurity measures that each kind of officer can impose, see section 82.

Biosecurity Act Section 61

Contents of a human biosecurity control order

(1) A human biosecurity control order that is in force in relation to an individual must specify the following:

(a) the ground in subsection 60(2) under which the order is imposed on the individual;

(b) the listed human disease in relation to which the order is imposed on the individual;

(c) any signs or symptoms of the listed human disease;

(d) the prescribed contact information provided by the individual under section 69 or 70 (as the case requires);

(e) a unique identifier for the order;

(f) each biosecurity measure (specified in Subdivision B of Division 3) with which the individual must comply, and an explanation of:

(i) why each biosecurity measure is required; and

(ii) in relation to a biosecurity measure included under section 89 (decontamination), 90 (examination), 91 (body samples)

or 92 (vaccination or treatment)—how the biosecurity measure is to be undertaken;

(g) any information required to be included in the order by Subdivision B of Division 3;

(h) the period during which the order is in force, which must not be more than 3 months;

(i) the following:

(i) the effect of section 70 (requirement to notify of changes to contact information);

(ii) the effect of section 74 (when an individual is required to comply with a biosecurity measure);

(iii) the rights of review in relation to the human biosecurity control order under this Act, the Administrative Appeals Tribunal Act 1975 and the *Administrative Decisions (Judicial Review) Act 1977*;

(iv) the effect of section 107 (offence for failing to comply with an order);

(j) details of a chief human biosecurity officer who can be contacted for information and support in relation to the order;

(k) any other information that the officer imposing the order considers appropriate;

(l) any other information required by the regulations.

Note: Despite paragraph (1)(h),

an individual might be required to comply with a biosecurity measure for a more limited period of time (see for example section 96 (traveller movement measure)).

(2) If a human biosecurity control order ceases to be in force, paragraph (1)(h) does not prevent another human biosecurity control order from being imposed on the same individual.

(3) To avoid doubt, a human biosecurity control order that is varied must comply with subsection (1).

Dr Jane Ruby is astounded after reading a Spanish lab report that such a poisonous substance could be knowingly injected into humans or animals.

Watch urgently and jam your local dumbed down politician. Threaten him or her with criminal charges if they don't stop the vax now!

Fresh Food Data Peoples reward card could get you locked away by COVID tracing fascists

[JUL 7](#) Posted by [Editor, cairnsnews](#)

By **TONY MOBILIFONITIS**

WOOLIES supermarkets have a “surprise” for you if you use their Everyday Rewards card. You could be ordered into self-isolation by a health bureaucrat for two weeks merely because a so-called “COVID case” attended the supermarket around the same time you did.

Too bad if neither you nor the “case” revealed by bogus PCR tests are showing any flu or cold-like symptoms, the fascist health bureaucrats will order you to “self isolate” for 14 days because that's “the new normal”. Too bad also if you work or operate a business that requires you to be out of your home. Oh, but the new normal nanny state we're sure has some sort of “COVID support” for you.

Using good old-fashioned cash and not using any so-called loyalty or credit card could spare you the inconvenience and assault against your basic liberties and rights because Woolies' Everyday Rewards card data is shared with the government. This has been confirmed by a report in the [Australian Financial Review](#).
