Health Minister Hunts family involvement in graphene and vaccines

AUG 19 Posted by [Editor, cairnsnews](#)

Health Minister Greg Hunt's involvement with graphene research in the US and Australia is a real family affair.

Google Mind Medicine a 'foundation' created by one of Greg Hunt's brothers, Peter Hunt and Mind Med, a friend of big pharma. And Greg's other brother Steven Hunt is the Director of graphene company Sparc

<https://sparctechnologies.com.au/about-us/directors-and-management/> and sits on the board of the 'Graphene Enabled Industry Transformation'.

Forrest mines graphene... <https://youtu.be/x4a05hvrQfc>

All roads lead back to graphene, which is a super conductor.

Dr Jane Ruby on the Stew Peters Show revealed that the blood of a vaccinated person seen under microscope showed the red blood cells strangely distorted, clumped and stacked as shown in the following videos.

or <https://tinyurl.com/549t4wt8>

The above Ugetube link takes time to load, patience & ignore messages.

or <https://tinyurl.com/4rf9pr9s>

The above two videos show

microscope views of normal and inoculated human blood and the abnormal stacking of red blood cells in the latter.

The stacking phenomena is the Rouleaux effect. Rouleaux means the aggregation of red blood cells into coin-like stacks usually caused by infections, diseases like cancer and now Covid vaccinations.

Red blood cells normally carry the same electro charge which keeps them from clumping or stacking.

Back to the Hunt connections, an experiment done at the University of California, which just so happens to include Professor Robert (Bob) Hunt, who is Australian Health Minister Greg Hunt's brother and who receives funding through a foundation called The Hunt Lab, as does his other brother Professor John Hunt at the University of NSW.

UNSW has coincidentally received millions in grants from Greg Hunt and the Federal Government.

UCI 'grant funded' experiments discovered they could remote control the heartbeat of a mouse, speeding it up or down remotely by way of graphene.

Laboratory goldmines do not reveal DELTA stats

by [Editor, cairnsnews](#)

Why is NSW Premier keeps announcing DELTA strain of COVID-19 figures out of fresh air when there are no factual stats available.

NSW Health Laboratories have performed 3.4 million tests and private providers have carried out 5.2 million tests up to July 25, running up a Medicare bill of \$587 million.

Laboratories have performed 2.2 million COVID-19 tests since the Sydney outbreak began several weeks ago and more than 8.6 million tests since the pandemic started last year. Private pathology companies receive a Medicare subsidy of \$85 per test and public laboratories receive a benefit of \$42.50.

Australian Clinical Labs is Australia's third largest private pathology network and expects \$621 million revenue by December 31st

Australian government spent over \$19 million on imported testing kits to identify COVID-19 antibodies that the government conceded are of "limited use".

Taking the lead from Government Public Service as Australia's leading growth industry with pathology swimming in money riding the panic-pandemic agenda.

This recorded conversation inquiry to a pathology laboratory paints a picture of lies and deceit portrayed yet again by the spin doctors in power. There is no records available differentiating covid-19 from DELTA, so how is NSW puppet master Gladys quoting delta figures of mayhem engulfing NSW when they do not exist?

**Board Certified
Occupational Therapist
Whistleblower:
More Patients are Dying
from the Vaccine than
from COVID**

August 11, 2021 1:50 pm

Abrien Aguirre is a board certified occupational therapist who recently

went public with his knowledge of working in 3 COVID units in Hawaii, two of them "isolation units." He states that he works in the largest skilled nursing facility in Oahu, working with the geriatric population. He was interviewed by a group known as "Hawaii Free Speech News."

His testimony was recorded at a recent outdoor protest held at the Hawaii State Capitol in Honolulu. He explains how people with terminal illnesses are being put on the COVID death lists, which he says is "complete fraud."

They rolled out the Moderna mRNA experimental injections at his facility, and he says: "I've seen 32 elderly people pass away immediately after taking the Moderna vaccine. None of that is being talked about on the News. It doesn't fit their narrative. I've seen more people pass away from the vaccine, than I have in COVID units." This testimony by Abrien Aguirre is one of the most damning interviews I have ever seen.

Everyone should send a copy of this video to their elected officials, because the ~~U.S.~~ medical system has now become thoroughly corrupt.

Mr. Aguirre has nothing to gain, and much to lose by going public, putting his career and possibly even his life on the line to go public with this damning information. Since politicians are complicit with these murders and crimes, it is unlikely that they will do anything about it. But by exposing their crimes, especially those who claim they are "just doing their jobs," we can ensure that they will most certainly be held accountable for these murders and crimes against humanity. There is no place in Hell too hot for where most of these people are going to end up.

We the people now must return our voice back into the Australian parliament and stop this political devastation of our nation.
