# COVID-19, the disease is not caused by SARS-CoV-2, the coronavirus

NOV 19, by [Editor, cairnsnews](#)

by *Alexandra Bruce,*  
*US correspondent*

Source: <https://tinyurl.com/yrzp8a6d>

An interview between renowned virologist Dr Judy Mikovits and Ann Vandersteel, who asks her whether COVID-19 is a real virus.

Dr Judy, ... worked for years with Anthony Fauci at NIH replies, “No, COVID-19, the disease is not caused by SARS-CoV-2, the coronavirus.”

“SARS-CoV-2 is not a real human virus, it's a monkey virus grown in the [vero monkey cell line](#), always has been, just as SARS was created in that cell line and the variants are in that cell line,” she said.

“So the disease, COVID never satisfied any of [Kochs Postulates](#) or the [Hills Criteria](#) for a causative agent of a disease, because in order for the virus, SARS-CoV-2 to have caused COVID, everybody with evidence of infection has to have disease.

“And what we know is, essentially, nobody with evidence of infection by that fraudulent PCR test – that is not testing for SARS-CoV-2 – and PCR does not test for an infectious virus.

Dr Judy Mikovits: “Nobody's sick. This has a 99.7 % survival rate, so there's no such thing as an 'asymptomatic carrier' of a disease-causing virus. A virus either makes you sick or it doesn't.

“And what we know is this disease called COVID was caused by contaminated flu shots – which are all contaminated with coronaviruses – and they are, every year and that those viruses recombine – the test was testing for the influenza, so this, at 4,000 people a day, in January of 2021 were dying of influenza and the CDC was labeling it, calling it “COVID”.

“We know that 5G and the measures; the remdesevir, so that which is killing people by shutting down their kidneys.

**Everything that's been done: the masks, the shots, the isolation have caused the death and the destruction worldwide, not SARS-CoV-2.”**

Ann says, “So, essentially, COVID-19 is a marketing hype name to promote fear and get people running to the doctors to get these PCR tests, which are, of course, completely falsely-calibrated and they're not measuring COVID-19. So, has COVID-19 ever been isolated in a lab, then?”

Dr Judy replies, “SARS-CoV-2 has been isolated from vero monkey kidney cells – in a lab, grown in –”

Ann interrupts, “But not in people.”

“Not from people-to-people,” Dr Judy says, “Not from a person with disease and sending it to another...It's a lab virus. All the variants are. They're sequences in a database and they always have been, since 2003 and SARS.”

Ann asks, “OK, so these COVID vaccines – or what they're touting to be vaccines, these shots. I call them Clot Shots, Kill Shots. What are they, if they're not supposedly treating or preventing coronavirus?”

“Well, they're synthetic, they're gene therapy, number one. They're not vaccines, they don't meet the legal or scientific definition of a vaccine, which is usually a piece of a virus or a bacteria or an 'attenuated virus', means weakened, you took out the part that usually kills you and then you use that in a vaccine...”

**“The simple answer is they are injecting in you a deadly synthetic virus. Synthetic virus. You are expressing the deadliest – the spike protein from HIV, the XMRV and SARS, so the three deadliest plandemics of our time. You're injecting the disease and you are shedding and spreading it, if your immune system cannot break down that synthetic lipid nanoparticle.**

“It's a synthetic virus. It's not a vaccine, never was, never was intended – and it's why we've been spreading the news.”

Dr Judy says that the spike proteins in the flu and COVID vaccines are shed and spread and have been for years but **the good news, she says is that whether you get a real virus or a synthetic virus, the treatment is the same: ivermectin, hydroxy-chloroquine and ozonated creams on your skin.**

“Keep your immune system healthy, don't ever wear a mask, because that cripples your own immune system, as you know from our book, ["The Truth About Masks..."](#)

**“The good news is, as long as people stop, right now getting any other shot, we can heal this world. Because any other shot is going to kill you and I mean a flu shot, because they have coronaviruses...”**

“This is how they've driven this agenda for the past 30 years. They've weaponized SARS, they've weaponized Ebola – and that was 2014, when Tony Fauci released that virus on the Sierra Leone, on the Liberians, you know by way of a vaccine program.

“You know, 'We're gonna go over there and help you!' with Christian missionaries, and that's all described in our *New York Times Bestseller*, ["Plague of Corruption"](#), which came out April 14th, 2020.

**“I was first on the *Epoch Times*, April 8th, 2020, telling them all of this, showing them the *Journal of Virology* paper that showed hydroxychloroquine is a prophylactic treatment strategy for HIV, for SARS. And that means it's a vaccine!**

“Every 21 days, you got a booster shot, so the entire world could have been saved by hydroxychloroquine, just as in this book, [“Called for Life](#), by Kent and Amber Brantly. He's the doctor that got infected with Ebola when Ebola was aerosolized.

“And this was in the summer of 2014 and this was the cover-up by Tony Fauci of the [William Thompson](#) confession, after 15 years that MMR, giving Blacks and people of color, Hispanics, before the age of 3 had a 2-to-4 times greater risk of getting autism or severe neuro-developmental disease from that shot.

“So yes, MMR in susceptible populations, three RNA viruses that'll cause autism. So what does Tony Fauci do? Oh, he released contagious Ebola on Black people, to take everybody's attention away, just like the game they played in COVID, to take everybody's attention away from the corruption...

“We caught them. Not 'we', Judy Mikovits, the Royal We: Children's Health Defense, The Highwire, the Informed Consent Action Network. Lawsuit, lawsuit, lawsuit. Proved that vaccines are not safe, have never been

tested since 1989, not a single double-blind placebo controlled study, safe study has been done, as required by Federal Law, by the HHS.

“That was the proof in the Fall of 2019...Was COVID started because they cloned the deadly H1N1 in 2005 – cloned – from people who died of the Spanish Flu?

“It's all in [here](#). And in our latest book, [“Ending Plague](#), because we tell you the solutions are there. We tell you ozone therapy, we tell you Type 1 Interferon, we tell you Peptide T and immune modulation peptides could have stopped AIDS, could have stopped all of these diseases.

“And the biggest thing our books tell you is that, 'Never again get another injection' and you will live and we as a world will experience health.”

## **Black sheep Pat Mesiti exposes the woke Rev. Costello's “social justice by vaccination” crusade**

' [NOV 18](#) Posted by [Editor, cairnsnews](#)  
**By TONY MOBILIFONITIS**

THE Rev. Tim Costello and his brother the former Treasurer Peter Costello, are up to their eyeballs in big pharma's insane “global vaccination” drive. While one Costello beats the

drum to “share the vaccines with our poor neighbours” the other keenly watches over the vaccine profits rolling on in ... <https://tinyurl.com/yrzp8a6d>

... But God moves in mysterious ways, they say, and it took an unlikely former “defrocked” Hillsong Church

pastor **Pat Mesiti** (*image at a rally in Qld.*) to come back to haunt the Rev. Tim and his misguided woke injection crusade and the churches who signed on.

Mesiti, who runs a motivational, life-coaching business, has bounced back from a self-admitted scandal-plagued episode in his life, to become a leading figure in the Australian protest movement, gathering Australian and international leaders Monica Smit, Topher Field, Ricardo Bossi, Aussie Cossack and others online to fight the tyranny. He is also running a series of Great Southland Rallies for churches across Queensland.

Mesiti has been taking special aim at the corporate churches across Australia not only for being sucked into the vaccine campaign but also for taking Scott Morrison's JobKeeper handouts, as did big business. Take for instance the [\\$47 million](#) dished out to Seven West Media, run by Treasurer Josh Frydenberg's close friend Ryan Stokes.

Mesiti reckons the mega-churches got more JobKeeper money than their

offerings to pay staff. “Follow the 30 pieces of silver,” he told a gathering of church leaders recently in Queensland. He was also referring to the \$50 million allocated under Shot of Love to combat “vaccine hesitancy”, in other words propaganda to white wash the mRNA vaccines.

He challenged those present to look up the denominations who signed up for a share in the vaccine campaign money. “When did we learn to bow the knee and almost redeem ourselves by acts of social justice? – like this stuff, headed by the wealthiest, most leftist Baptist in this country, and pentecostals are following him like he's a sacred cow,” said Mesiti, waving a copy of Shot of Hope.

He said Shot of Hope “reeked of racism” because the \$50 million would supposedly educate people in other places about vaccines. “What, we white people are that superior that they can't educate themselves in other islands?”

Mesiti returned to his 30 pieces of silver theme. “A Shot of Hope sounds like 'we're all in this together' – unless you disagree with us. Then we're going to betray you. I know people – and I know them because they call me – they turn up at a march, so people at their own church dob them in... one of them was a worship leader from a major church. One of the signs is betrayal. Judases don't change.” *Source:*
