# Qld's CHO believes Omicron wave creates immunity as cases surge

[By Mark Saunokonoko Savannah Meacham](#) 9:20pm Jan 5, 2022

[Queensland's](#) Chief Health Officer believes the [Omicron](#) wave will create herd immunity as the state's [COVID-19](#) cases and hospitalisations surge.

The state recorded 6781 new cases overnight which is a jump from yesterday where 5699 infections were reported

Chief Health Officer Dr John Gerrard said he "strongly" believed the current Omicron wave would last "a period of weeks" and will massively help create immunity across the community.

"The question is whether there will be another wave this winter, and that would be purely speculative to look at whether that will happen," Dr Gerrard said.

He said the current wave would generate immunity in the community and that the models for what happens next are positive.

"The general pattern that happens with pandemics over history is you get a big wave and it gets smaller.

"You may get smaller waves in the future and as time goes by the

virus becomes endemic."

More than 29,000 Queenslanders were tested in the last 24 hours, and there are now more than 32,000 active cases in the state.

Dr Gerrard said the "real number" of cases in the state is "significantly higher" than today's count.

There are 265 people in hospital which is a hike from yesterday where there were 170 people hospitalised.

Dr Gerrard said there are still just 10 people in ICU.

"We know that number is going to increase in the coming weeks," he said.

There are more than 17,000 people receiving care for COVID-19 at home, Dr Gerrard said.

Health Minister Yvette D'Ath said yesterday some would re-open on January 9, and that the government was seeking clarification on others.

Private labs are blaming a shortage of staff, with many forced into isolation due to COVID-19.

**Queenslanders on the whole are being urged to avoid getting a PCR test unless they are experiencing COVID-19 symptoms.**

# **Omicron variant explained**

Posted on December 1, 2021 Updated on December 2, 2021 Source: <https://worldcouncilforhealth.org/resources/omicron-variant/>

By now you've probably heard about the new SARS-CoV-2 Variant of Concern (VOC) that the WHO has officially named Omicron — also known as B.1.1.529. In response to Omicron's discovery, several nations are imposing restrictions on travel from eight African countries, with some poised to impose further restrictions on the mobility of their people.

Much of the reporting on this variant has been speculative and a significant amount of it has used fear as the primary motivator. Here, we will put the Omicron variant into context, assess the risks, consider the big picture, and see what actions you might wish to take.

## **Mutation is normal – Healthy immune systems can handle it**

It is the nature of viruses to [mutate](#). When they replicate they make what are called “copying errors”. These errors are genetic mutations and enough of them yields a new variant. The mutations can be caused by error, pressure from the cells they are infecting, or even from

vaccination. Much has been made of the fact that Omicron reportedly has around 50 differences in mutation, over 30 of which are in the spike protein of the virus. It's important to note that this is still a negligible difference and mutation does not automatically imply that the variant is any worse.

A healthy immune system that has recovered from Covid-19 can [recognize a new variant](#) as the same virus it already dealt with. In March of this year, [researchers](#) took T-cell samples from people who had either recovered from Covid-19 or had been recently vaccinated against the disease. They then exposed the T-cells to the peptides of multiple variants, including VOCs. In each case, the T-cells responded to the variants they were exposed to. In other words, the immunity acquired, either by natural infection or inoculation, stood up against every single variant.

This is not surprising and should be kept in mind as the world turns its attention to the new variant. The known infections thus far have included symptoms such as tiredness, headache, body aches, dry cough, and scratchy throat. There are no known deaths, in Africa or elsewhere. Angelique Coetzee, Chairperson of the South African Medical Association and the person responsible for discovering B.1.1.529, has reported they have only seen “[very, very mild cases](#).”

# YESHUA REMEMBRANCE SERVICE

**Leader:** <sup>31</sup> "Here, the days are coming," says Y'HoVaH, "when I will make a new Covenant with the house of Isra'el and with the house of Y'hudah. <sup>32</sup> It will not be like the covenant I made with their fathers on the day I took them by their hand and brought them out of the land of Egypt; because they, for their part violated My Covenant, even though I, for my part, was a husband to them," says Y'HoVaH. <sup>33</sup> "For this is the Covenant I will make with the house of Israel after those days," says Y'HoVaH, "I will put My Torah within them and write it on their hearts; I will be their Elohim, and they will be My people. (Yirem'yahu~Jer 31:31-33 ~Heb 8:8-10

**Congregation:** Isa 12:2 "See! Elohim is my salvation; I am confident and unafraid; for Y'HoVaH Elohim is my strength and my song, and He has become my salvation!" Isa 12:3 "Then you will joyfully draw water from the springs of salvation." Ps 3:8 "Victory comes from Y'HoVaH; may Your blessing rest on Your people." Ps 46:7 "Y'HoVaH Tzva'ot is with us, our fortress, the Elohim of Ya'akov."

**Leader:** "Baruch ata Y'HoVaH, Eloheinu Melech Ha'olam, ha motze lechem m'in ha eretz."

## Divide Challah ~platted loaf

**Congregation:** "Blessed are You Y'HoVaH our Elohim, King of the Universe who has brought forth bread from the earth. Y'HoVaH Tzva'ot, how happy is anyone who trusts in You! (Ps 84:12). Give victory Y'HoVaH! Let the King answer us the day we call. (Ps 20:9) I will take the cup of redemption and call upon the Name, Y'HoVaH. (Ps 116:13).

**Leader:** (with cup in right hand) "The cup of deliverance I raise and in the Name of Y'HoVaH, Yeshua HaMashiach, I call: Baruch atah Y'HoVaH, Eloheinu Melech, ha'olam, boray p'ri ha'gafen." (Replace cup with spices)

**Congregation:** Blessed are You, Y'HoVaH our Elohim, King of the universe, who creates the fruit of the vine.

**Leader:** Lifting spice container in right hand, says... "Baruch atah Y'HoVaH, Eloheinu Melech ha'olam, boray meenee besamim."

**Congregation:** Blessed are You, Y'HoVaH our Elohim, King of the universe, who creates the various spices.

**Leader:** We will not yet be queuing for the challah, so I now invite some willing helpers to distribute it and the cups and those who wish to partake. Also for someone, if Rachael isn't here, to take around the spice jar for you all to smell. There is an offering box and self-serve EFTPOS machine on the back table to use anytime. Your offerings and those made online fund our services, equipment and supplies. And for you online viewers, please also, click the love heart. Thank you.

**Leader:** Our Abba and Elohim of our fathers, we thank you for the joy and rest of this Shabbat. May the coming week bring gladness & peace, health & achievement. Like the fragrance of the besamim, we pray that the days ahead bring sweetness to our lives and the lives of our loved ones. May the peace, which we are enjoying linger till we gather for Shabbat next week. We ask this in Yeshua's name, Amein.
