An E-Petition to Defund Davos (WEF UN)

Australian Parliament E-Petition En4591

Petition Reason.

Based in Switzerland, the World Economic Forum (WEF), a corporate-dominated, unelected, independent, non-governmental group that advocates for centralised, undemocratic power and global governance through environmental, economic, agricultural, technological, and education – climate change has also been weaponised by the WEF as a pretext for enacting the ideas of its “Great Reset” doctrine. The WEF is able to push its progressive social agenda through deep partnerships and personnel overlap with the world's leading corporations relying on the private sector to implement WEF-sanctioned policies, including social credit scores and digital banking, government officials are also crucial to the group's mission. The annual meeting in the Swiss luxury resort town Davos, routinely attracts the planet's top political officials, business leaders, media giants, and “thought leaders” including Nobel Prize laureates for speeches and panel discussions. This year's attendees included Bill Gates and former Secretary of State Henry Kissinger. Speakers through the years have advocated increased government control of the economic system or the environment. Canada Alberta Premier Danielle Smith: “Until that organisation [WEF] stops bragging about how much control they have over political leaders, I have no interest in being involved with them.” Australian taxpayers do not support the WEF's goals. NO REFERENDUM HELD.

Petition Request

We therefore ask the House to create a "The Defund Davos Act" (as was introduced in the USA House on August 26 as H. R. 8748), to ban federal funds from being used towards the World Economic Forum (WEF) and remove any ties to Australia including the “Global Lighthouse Network”

Closing date for signatures: Wed 07 Dec 2022 10:59 PM (AEST)
