## The Independent Media Defeats one of Google's Censorship Practices.

[Natural News Restored - www.naturalnews.com](http://www.naturalnews.com)

“After six days of being blacklisted by Google, the NaturalNews.com website has been restored to Google's search results. The action by Google follows the largest and most vocal backlash against Google's de-listing of any website in the history of the company, and it has sparked many new discussions and debates about search engines, censorship and free speech.”

There are very few organizations who bring more life-saving information to the public than Mike Adams. His Natural News site is a repository of life-saving information which presents its information in an attractive, easy-to-access format. This noble organization came under extreme attack and its very existence was in question given the actions of Google.

### Mike Adams Blackmailed

On Sunday, February 16, 2017, Mike Adams appeared on The Common Sense Show and detailed how he was offered \$50,000 to provide the blackmailer with damning information on Alex Jones. ([www.infowars.com](http://www.infowars.com)) Mike refused and was told, “We are coming after you”.

The blackmailer made good on their promise as two days later, Mike's site, Natural News was eliminated from Google search engines. The revenge was complete. However, Google underestimated the power of the Independent Media and their followers as the forces of the Independent Media joined forces to support Mike Adams.

Mike Adams is reported to have said; “Through this entire process, Natural News was constantly being called a liar for failing to remove something that Google flatly refused to identify. In essence, we were charged with a ‘crime’ by Google, yet Google refused to provide any details of the crime, nor any evidence of the crime, nor any tool whereby we could reproduce Google's claimed ‘redirect’.”

“All of us at Natural News — as well as our many millions of fans — are grateful for Google's decision to restore the NaturalNews.com website, but we are also deeply troubled by the unjustified blacklisting of Natural News and what it means for free speech across the ‘net.’”

“For the record, there was never any allegation or evidence that Natural News had intentionally violated Google's webmaster guidelines. While Google said we were being flagged for a so-called “sneaky mobile redirect” on a very small number of pages in a subdomain (blogs.naturalnews.com) which were created by outside bloggers, Google went to the extraordinary step of banning the entire NaturalNews.com root domain and all its subdomains — a step that would never have been applied to CNN, Huffington Post or other popular news websites. In fact, a Natural News investigation showed that violations identified involving websites like HuffPo, Forbes and CNN did not result in the same kind of blacklisting that was applied to Natural News.”

“Furthermore, while Google did make an effort to provide us with one URL that they said flagged this mobile redirect, to date there hasn't been a single SEO expert or engineer who could reproduce the supposed redirect issue.”

“Even more disturbingly, when we went to the Google product webmaster forum to ask for help identifying this issue, we were insulted,

mocked and accused of lying by Google's supporters who behaved like a pack of jackals rather than search engine professionals."

"No evidence, no charges but you're "guilty" because they say you are".

Phi Beta Iota: [www.phibetaiota.net](http://www.phibetaiota.net) This is not over. It is clear that Eric Schmidt has set in motion a social media censorship and misinformation strategy that — while centered on Google and its surrogates such as AdRoll and You-Tube — clearly includes Facebook and Twitter as well as PayPal. The extrajudicial mis-behavior of the Silicon Valley crowd merits a deep racketeering investigation under the direct oversight of the new Attorney General, Jeff Sessions. At the same time, we must deal with the Deep State — the lies being told by CIA and NSA, the blackmail of politicians by NSA and CIA, the acts of war not authorized by Congress by CIA and elements of the Department of Defense, and more. We are waiting to hear if Alex Jones has had his \$3.5 million in stolen revenue restored. And then there is Reddit and Wikipedia, both suffering from troll cancer and dishonest leadership.

### **Knesset approves making biometric ID cards mandatory**

*By Times of Israel Staff February 28.*

The Knesset on Monday passed a controversial law that will obligate all Israeli citizens to obtain biometric ID cards, with their personal information being stored in a national database.

Proponents of the law say it is necessary to prevent ID theft. Opponents have argued the database would be vulnerable to hacking, and compromises citizens' personal data.

The newly passed law takes into account a number of criticisms of a pilot plan that began in 2013, which has already seen some 1.2 million Israelis volunteer for the program.

The law was passed after a second and third reading in a 39-to-29 vote. It is set to go into effect on July 3.

The biometric card is designed to digitally encode personal information, fingerprints, photo and facial profile. The data will be stored in a chip attached to the card, which will also contain the holder's name, gender and birth date. All information will be stored in a secured database.

The law requires all citizens to give high-resolution facial images to be stored in the national biometric database. They may, however, opt out of releasing their fingerprints to the database, though that information will remain on the card.

Those who refuse to store their fingerprints in the database will be required to renew their IDs every five years, rather than every 10.

The final text also mandates that fingerprint information can be stored in the database only for those 16 or older, up from 12 in previous versions.

Another key change is how much access police will have to the database. The police will not be able to use the biometric information until the Knesset passes more regulations on the issue.

The updated law also requires the National Cyber Bureau, a division of

the Primes Minister's Office, to look for an alternative to fingerprint technology every year and a half, rather than every two years.

Voting against the bill, the opposition repeated the criticisms of many of those who opposed the idea from the start.

MK Dov Khenin (Joint List) said: "I object in principle because I do not want, and I think no one wants, to live in a society of Big Brother... I oppose this law on a practical level because it is unnecessary, as there is no need for a biometric database if we are using smart cards" that can store information without a database.

MK Yael Cohen Paran (Zionist Union) said Israelis still do not understand the law and how it will influence their lives. "Soon they will become aware and understand, and [then] they will point an accusing finger at you, members of the coalition," she warned.

MK Zuhair Bahloul (Zionist Union) charged that the law would deny citizens their right to privacy. "This law violates a constitutional right, of one of the most important constitutional laws in Israel — human dignity and freedom," he said.

MK Yulia Malinovsky (Yisrael Beytenu) defended the law, but said she voted for it reluctantly.

"There is no debate as to whether smart cards are necessary. We live in a new era where they are required. The question regarding the database is that indeed one day we fear it may get out one way or another. I am convinced that the situation in Israel is good, in contrast to databases in other countries... I will vote for this bill, but not with a quiet heart," she said.

### **Israel Retaliates for Hostile Fire From Hamas-Ruled Gaza Strip**

*ICEJ News Briefs - 2 Mar 2017*

The IDF launched air and artillery strikes on terrorist infrastructure in the Hamas-ruled Gaza Strip Thursday following hostile fire directed at IDF units patrolling the border from the Beit Lahiya village area inside the Strip. The fire came after a rocket fired from inside the Strip landed near Ashkelon late Wednesday, which the IDF said was fired from inside the Gazan city of Beit Hanoun.

### **i24 News Breaks Into US Market**

*ICEJ News Briefs - 2 Mar 2017*

Israel's i24 News channel, billed as the Israeli answer to CNN, recently launched a franchise in New York City. The American channel will be available on the Altice USA (formerly Cablevision) and Suddenlink cable networks. "We were an international news channel," i24News CEO Frank Melloul told The Jerusalem Post on Tuesday. "We are starting to become a global news network. This is something original and something new in the market."

"We are the only channel able to analyze with three different point of view – the Middle East one, the European one and the American one," he added, referencing the independent studio's i24 has in Paris, New York, Washington and Israel. "There is a huge opportunity now about the perception of the media. To speak about what's going on in the Middle East is also something that people are more concerned about. Because we are speaking the same language as the American people,

democracy to democracy, our ambition is to become the number one news channel talking about what's going on in the Middle East.”

### **Terrorist Shot Dead While Trying to Invade Family Home**

*ICEJ News Briefs - 2 Mar 2017*

A Palestinian terrorist invaded the private home of a Jewish family on a farm in the South Hebron Hills on Wednesday and wounded the owner, Shabtai Koshobalski. However, with the help of the family dog, Koshobalski was able to defend his wife and baby who were also in the home and managed to shoot dead the home invader, who was identified as Saad Muhammad Ali Qaisiya, from the nearby Palestinian village of Dhahiriya.

### **Azaria Files Appeal Against Legal Advice**

*ICEJ News Briefs - 2 Mar 2017*

IDF soldier Elor Azaria, recently convicted of manslaughter and sentenced to 18 months in prison for shooting to death a terrorist in Hebron last summer despite the terrorist being already wounded and incapacitated, filed an appeal on Wednesday against the advice of his lawyers, most of whom resigned in protest from his case. Several legal procedures must now move forward before a final outcome will be known, with some legal analysts saying Azaria has a very weak case and runs the risk of a counter-appeal from the IDF which could result in him receiving a much longer jail sentence.

### **Evacuations in Ofra Continue to Reverberate**

*ICEJ News Briefs - 2 Mar 2017*

Fallout continued Thursday from the evacuation, in preparation for demolition, of nine homes in the West Bank settlement of Ofra earlier in the week. Activists opposed to the demolition clashed with security forces and some home owners sat down in their homes and refused to move, making it necessary for police officers to pick them up and carry them out. Rabbinic leaders of the settler movement had called on resistance to the action to be non-violent, but heated verbal exchanges between activists and security forces did escalate into shoving in some places, leading to a handful of injuries and arrests.

“The Land of Israel belongs to the Jewish People, and this injustice and this unnecessary and idiotic destruction in the middle of a settlement, and this stupidity that we still don't feel like the owners here and that is unclear that this land belongs to us, this is what they are fighting for here,” declared one protester. “We do not need to understand the other so much, before we understand clearly what our values are and what we believe and when we understand that we are here because this land as given to us in a promise by God to our forefathers, and we were always here until we were expelled, and now we have returned, and we are continuing our natural settlement of the Land of Israel. We need to understand that we are the owners here, and if the Arabs want to live here in whatever way then we will decide, together with them, how they can continue to live here and in what conditions, but the owners are the Jewish people.”

## YESHUA REMEMBRANCE SERVICE

<sup>31</sup> "Here, the days are coming," says Y'HoVaH, "when I will make a new Covenant with the house of Isra'el and with the house of Y'udah." <sup>32</sup> It will not be like the covenant I made with their fathers on the day I took them by their hand and brought them out of the land of Egypt; because they, for their part violated My Covenant, even though I, for my part, was a husband to them," says Y'HoVaH. <sup>33</sup> "For this is the Covenant I will make with the house of Israel after those days," says Y'HoVaH, "I will put My Torah within them and write it on their hearts; I will be their Elohim, and they will be My people. (Yirem'yahu [*Jeremiah*] 31:31-33)

**Congregation:** *Isa 12:2* "See! Elohim is my salvation; I am confident and unafraid; for Y'HoVaH Elohim is my strength and my song, and He has become my salvation!" *Isa 12:3* Then you will joyfully draw water from the springs of salvation. *Ps 3:8* Victory comes from Y'HoVaH; may Your blessing rest on Your people. *Ps 46:7* Y'HoVaH Tzva'ot is with us, our fortress, the Elohim of Ya'akov. *Leader:* "Baruch ata Y'HoVaH, Eloheinu Melech Ha'olam, ha motze lechem m'in ha eretz." (divide challah)

**Congregation:** "Blessed are You Y'HoVaH our Elohim, King of the Universe who has brought forth bread from the earth. Y'HoVaH Tzva'ot, how happy is anyone who trusts in You! (Ps 84:12). Give victory Y'HoVaH! Let the King answer us the day we call. (Ps 20:9) I will take the cup of redemption and call upon the Name, Y'HoVaH. (Ps 116:13).

*Leader:* (with cup in right hand) "The cup of deliverance I raise and in the Name of Y'HoVaH, Yeshua HaMashiach, I call: Baruch atah Y'HoVaH, Eloheinu Melech, ha'olam, boray p'ri ha'gafen." (Replace cup with spices)

**Congregation:** Blessed are You, Y'HoVaH our Elohim, King of the universe, who creates the fruit of the vine.

*Leader:* Lifting spice container in right hand, says... "Baruch atah Y'HoVaH, Eloheinu Melech ha'olam, boray meenee besamim."

**Congregation:** Blessed are You, Y'HoVaH our Elohim, King of the universe, who creates the various spices.

*Leader:* As Avram gave to Malki-Tzedek according to B'resheet (Genesis) 14:18-20, let us all come and bring our offering; then take some Chullah; smell the spices; take your cup, return to your seats and wait, so we can partake together.

*Leader:* Pray in relation to what Yeshua has done in connection with the day's Torah portion. "Let us eat and drink together".

**Malachi & Tamar:** Aharonic Blessing (see Num 6:22-27). Our Abba and Elohim of our fathers, we thank you for the joy and rest of this Shabbat. May the coming week bring gladness & peace, health & achievement. Like the fragrance of the besamim, we pray that the days ahead bring sweetness to our lives and the lives of our loved ones. May the peace, which we are enjoying linger till we gather for Shabbat next week. We ask this in Yeshua's name, Amein.
