Messianic school Makor HaTikvah makes finals in Jerusalem robotics tournament

Kehila News Israel Staff Feb 19, 2018

The only Messianic day school in Jerusalem, Makor HaTikvah, recently attended the First Lego League (FLL) Robotics Competition. FLL is an international program that helps children get involved in the world of science and technology in a sports-like

atmosphere. It encourages them to solve complex tasks in a creative way and develops teamwork.

During the three months of preparation for the FLL Regional Tournament, the Makor HaTikvah FLL Team worked hard on accomplishing the goals of the FLL Robot Game and the presentation of their own FLL Research Project.

<https://youtu.be/w118Y8rvlHE>

The team of 11 students, guided by their two mentors, developed their individual robot based on the LEGO Mindstorms system (RCX, NXT, Ev3). The robot was designed and programmed by the team and had to autonomously solve a set of goals before the judges on the day of the tournament.

Besides building a robot, the team had to choose a project they wanted to research, connected to 'Hydro dynamics,' which was this year's main topic. The team researched and analyzed a special problem they found, took into account what "real" scientists and experts have found, and developed an innovative solution. On the day of the tournament, they had to present their research findings and solutions to the research judges.

The Regional FLL Robotics

Tournament took place on January 29, 2018 at the Jerusalem's 11,000-seat basketball stadium called Pais Arena. After a reasonable start of earning 65 points in the first round, the expectations were high. However, after a disappointing second round of only 20 points, the Makor HaTikvah (MHT) team found themselves in 24th place with little chance of making the finals. Watch the video above to see the excitement of what happened in the third round. The MHT team of Messianic believers in the competition earned 120 points and completed an amazing comeback to go from 24th place to 5th place and make the finals!

Intelligence on alleged meat grinder bomb plot came from Israel, Australia confirms

By police reporter Jessica Kidd
www.abc.net.au/news/2018-02-22/9474598

The Israeli Defence Force provided crucial intelligence that uncovered an alleged plot to bring down a passenger plane with a bomb hidden in a meat grinder, Home Affairs Minister Peter Dutton has confirmed.

Overnight, Israeli Prime Minister Benjamin Netanyahu claimed intelligence gathered by his military's elite 8200 unit played a key role in preventing the attack on an Etihad flight from Sydney to Abu Dhabi on July 15, 2017.

"We revealed today that Israel's intelligence services prevented the shooting down of an Australian airliner," Mr Netanyahu told a conference of American Jewish leaders.

"And I can tell you that this is one of many, many such actions that we did preventing terrorism around the world."

But Mr Netanyahu's statements were at odds with official statements from the Australian Federal Police, who stated they received the intelligence tip-off 11 days after the alleged terror cell attempted to smuggle the bomb onto the Etihad flight.

In August 2017, then AFP deputy commissioner Michael Phelan confirmed the improvised bomb never made it past the airline's check-in because it exceeded the hand luggage weight limit.

At the time, Australian authorities reassured the public that the meat grinder bomb would never have made it through airport security, and they had tested a mock bomb which was detected by security before it could be loaded onto a plane.

Australian intelligence officials received a foreign intelligence tip-off on July 26, and only then learned of the alleged meat grinder plot which prompted them

to raid five properties across Sydney and arrest four men on July 29.

They also uncovered plans and components of a hydrogen sulphide bomb with which the alleged cell was planning to target Sydney's public transport network.

Despite the inconsistencies in Mr Netanyahu's statements, Mr Dutton has been quick to praise the relationship between Israeli and Australian intelligence agencies.

"This Etihad flight was almost blown out of the sky and it would have resulted in hundreds of people losing their lives," he told Sydney's 2GB radio station.

"We are very grateful for the assistance that Israel provided in that matter and we still have a very close relationship with them and many other partners." 'No-one knew bomb was shipped by Turkish air freight'

Law enforcement sources have told the ABC they long suspected the initial intelligence tip-off did come from the Israelis but that it passed through a number of other channels before it reached Australian authorities.

Counter-terrorism expert Greg Barton, from Deakin University, said that was probably accurate

"The assumption in Australia was that the intelligence provided came via [the United Kingdom's] Government Communications Headquarters (GCHQ) and MI6," he said.

"But of course intelligence agencies cooperate on urgent matters like this so it's likely it was a fusion operation."

Professor Barton said the 8200 military intelligence unit is an extremely sophisticated agency which intercepts so-called signals intelligence, such as telephone and internet communications.

He also said it was likely Israel had intelligence operatives on the ground in Syria and Iraq that could infiltrate Islamic State

But he said any intelligence uncovered by the 8200 unit was probably "raw data" and it still needed to be verified and analysed by Australian intelligence authorities before it could be acted on.

"In the days between getting the intelligence data and making the arrests, they [Australian authorities] had to identify the targets ... they had to put them under surveillance and then move as quickly as they could," Professor Barton said.

"They described the operation at the time as involving considerable and analytical work themselves and that suggests they got vitally important information, but they then had to work on it further before they knew where to go and who to arrest.

"No-one seems to have known of the bomb being shipped by Turkish air freight out of Turkey in July and then assembled and attempted to be taken on board that July 15th flight.

"And it's just sheer luck that that plot didn't go further."

One of the four men arrested was released without charge.

Khaled Merhi, 40, was charged with an unrelated offence of possessing an unauthorised Taser.

Khaled Khayat, 49, and Mahmoud Khayat, 32, are awaiting trial charged with two counts of doing acts in preparation or planning for a terrorist act.

The ABC asked Mr Dutton's office to clarify the minister's comments in light of the inconsistencies.

A spokeswoman simply referred the ABC back to those same comments and said "the Government has nothing further to add than what the Minister has publicly stated today."

Europe: The Rapid Spread of Dhimmitude

February 22, 2018

Although Europe is not part of the Muslim world, many European authorities nevertheless seem to feel obliged to submit to Islam in more or less subtle ways. This voluntary submission appears to be unprecedented: Dhimmi, historically speaking, is the Arabic term for the conquered non-Muslim, who agrees to live as a second-rate, "tolerated" citizen, under Islamic rule, submitting to a

separate, demeaning set of laws and the demands of his Islamic masters.

In Europe, submitting to the demands of Islam, in the name of "diversity" and "human rights", has also been happening voluntarily. This submission to Islam is, of course, highly ironic, as the Western concepts of "diversity" and "human rights" do not exist within the foundational texts of Islam. On the contrary, these texts denounce in the strongest – and supremacist – terms those who refuse to submit to the Islamic concept of divinity, Allah, as infidels who must either convert, pay the jizya ["protection"] tax or die.

One of the most troubling aspects of this rapidly spreading dhimmitude, is the de-facto enforcement of Islamic blasphemy laws within European jurisdictions. Local European authorities have been utilizing "hate speech" laws to prohibit criticism of Islam, even though Islam represents an idea – a religion and ideology – not a nationality or an ethnicity. The conventional purpose of most "hate-speech" laws is to protect people from hatred, not ideas...

Dhimmitude, leads not "only" to child rape, female genital mutilation and "honor" killings, all spreading under the willfully blind eyes of national authorities, but also to the obstruction of counterterrorism efforts.

YESHUA REMEMBRANCE SERVICE

Leader: ³¹ "Here, the days are coming," says Y'HoVaH, "when I will make a new Covenant with the house of Isra'el and with the house of Y'hudah. ³² It will not be like the covenant I made with their fathers on the day I took them by their hand and brought them out of the land of Egypt; because they, for their part violated My Covenant, even though I, for my part, was a husband to them," says Y'HoVaH. ³³ "For this is the Covenant I will make with the house of Israel after those days," says Y'HoVaH, "I will put My Torah within them and write it on their hearts; I will be their Elohim, and they will be My people. (Yirem'yahu ~*Jeremiah 31:31-33*)

Congregation: *Isa 12:2* "See! Elohim is my salvation; I am confident and unafraid; for Y'HoVaH Elohim is my strength and my song, and He has become my salvation!" *Isa 12:3* Then you will joyfully draw water from the springs of salvation. *Ps 3:8* Victory comes from Y'HoVaH; may Your blessing rest on Your people. *Ps 46:7* Y'HoVaH Tzva'ot is with us, our fortress, the Elohim of Ya'akov.

Leader: "Baruch ata Y'HoVaH, Eloheinu Melech Ha'olam, ha motze lechem m'in ha eretz."
Divide Chullah ~platted loaf

Congregation: "Blessed are You Y'HoVaH our Elohim, King of the Universe who has brought forth bread from the earth. Y'HoVaH Tzva'ot, how happy is anyone who trusts in You! (*Ps 84:12*). Give victory Y'HoVaH! Let the King answer us the day we call. (*Ps 20:9*) I will take the cup of redemption and call upon the Name, Y'HoVaH. (*Ps 116:13*).

Leader: (with cup in right hand) "The cup of deliverance I raise and in the Name of Y'HoVaH, Yeshua HaMashiach, I call: Baruch atah Y'HoVaH, Eloheinu Melech, ha'olam, boray p'ri ha'gafen." (Replace cup with spices)

Congregation: Blessed are You, Y'HoVaH our Elohim, King of the universe, who creates the fruit of the vine.

Leader: Lifting spice container in right hand, says... "Baruch atah Y'HoVaH, Eloheinu Melech ha'olam, boray meenee besamim."

Congregation: Blessed are You, Y'HoVaH our Elohim, King of the universe, who creates the various spices.

Leader: As Avram gave to Malki-Tzedek according to B'resheet ~*Genesis 14:18-20*, let us all come, make our offering, take some Chullah; smell the spices; take your cup and return to your seats and wait, so we can partake together.

Leader: Pray in relation to what Yeshua has done in connection with the day's Torah portion. "Let us eat and drink together".

Aharonic Blessing (Hebrew & English) from Tamar & Malachi (Num 6:22-27)

Leader: Our Abba and Elohim of our fathers, we thank you for the joy and rest of this Shabbat. May the coming week bring gladness & peace, health & achievement. Like the fragrance of the besamim, we pray that the days ahead bring sweetness to our lives and the lives of our loved ones. May the peace, which we are enjoying linger till we gather for Shabbat next week.

We ask this in Yeshua's name, Amein.
