Robert F. Kennedy, Jr. The CDC Is A [Criminal] Vaccine Company

2020/02/05 VIDEO 12:46

<https://youtu.be/5CfLDXpC324>

Attorney Robert F. Kennedy Jr. of **Children's Health Defense** joins to discuss the much-touted **HPV vaccine**, which **new evidence shows may be ineffective and why it has done tremendous harm.**

“These [Big Pharma] companies are making 60 Billion dollars a year selling vaccines and they’re making about 500 billion a year selling the albuterol inhalers, the Advair for asthma, the adderall ritalin and Concerta for ADHD, diabetes medication and/or and anti-seizure drugs and all of these medication, for the chronic diseases that are caused by vaccines. That is a really good business plan for them but a really bad health plan for the United States of America.”

He also explains how legal loopholes exempt vaccine makers from rigorous testing. He goes on to discuss the revolving door between

Big Pharma and the bodies that are supposed to oversee it and curtail its abuses.

He argues that regulatory capture has turned the Centers for Disease Control and Prevention (CDC) into "a vaccine company."

U.S. Government Loses Landmark Lawsuit Over Forced Vaccinations

2018/09/03

<https://tinyurl.com/tgp3dss>

...Vaccine injury lawyer Robert F. Kennedy Jr., Del Bigtree, producer of the suppressed anti-vaccine documentary, Vaxxed and the Informed Consent Action Network (ICAN) are credited with this victory.

They demanded the relevant government documents proving that all federally approved vaccines had been tested for quality over the past 32 years — and there were none.

Here are the huge legal and practical implications in this legal victory for the American people:

This means that the US Department of Health and Human Services and all vaccine makers have been lying to the American people for over 30 years about the effectiveness and safety of vaccines; this may

ultimately mean that continuing the existence — at least in their current form — of five US “healthcare” agencies are now in doubt: the CDC, the FDA, the IOM, the NIH and the “Health” part of DHHS itself; this may also threaten the existence of state medical boards and exclusive medical guilds like the AMA;

This means that vaccine makers have been fraudulently exempt from what all other pharmaceutical drug makers have been forced to do concerning biannual recertification for quality and effectiveness — meaning that their vaccines have never been tested for quality and have had no proven safety or effectiveness for over 30 years; This case can now be legally cited by all parents fraudulently mandated by any government/organizational regulation/requirements that they must vaccinate their children for school or any other activity to stop the forced vaccination of their children;

This case can now be legally cited by all employees being mandated by their employers to be vaccinated in order to retain their jobs;

This case can now be legally cited by all those who seek compensation for vaccine injury, making it likely that the pharmaceutical vaccine industry can in the near future be legally bankrupted out of existence, like Bayer-Monsanto after the landmark legal victory won by the

dying landscaper in San Francisco several weeks ago, as well as their stock value plummeting precipitously;

The future of allopathic medicine in its current form is now in doubt, as well as that of the global pharmaceutical cartel, since almost all of the drugs allopathic practitioners prescribe come from pharmaceutical corporations which have also committed vaccine fraud and injury;

The existence of the deep-state corporate mainstream news media will now also be further endangered, since 70% of their income stream comes from the global pharmaceutical cartel, which in America has been responsible for 750,000-1 million human sacrifices per year for at least the past half century;

Autism rates will now likely plummet, freeing the American people from another deep state-engineered debility, and providing further evidence of mass vaccination-caused autism;

All government officials who have passed laws legalizing vaccine fraud at the state, national, or international level, or otherwise aided and abetted this vaccine fraud can now be charged with vaccine fraud, criminal malfeasance and in some cases, war crimes under the Nuremberg Code.

Excerpts from Trump's State of the Union address

"The agenda I will lay out this evening is not a Republican agenda or a Democrat agenda. It is the agenda of the American people. There is a new opportunity in American politics, if only we have the courage to seize it. Victory is not winning for our party. Victory is winning for our country...

"In just over 2 years since the election, we have launched an unprecedented economic boom — a boom that has rarely been seen before. We have created 5.3 million new jobs and importantly added 600,000 new manufacturing jobs — something which almost everyone said was impossible to do, but the fact is, we are just getting started.

"Wages are rising at the fastest pace in decades, and growing for blue collar workers, who I promised to fight for, faster than anyone else. Nearly 5 million Americans have been lifted off food stamps. The United States economy is growing almost twice as fast today as when I took office, and we are considered far and away the hottest economy anywhere in the world. Unemployment has reached the lowest rate in half a century. African-American, Hispanic-American and Asian-American unemployment have all reached their lowest levels ever recorded. Unemployment for Americans with

disabilities has also reached an all-time low. More people are working now than at any time in our history -- 157 million.

"We passed a massive tax cut for working families and doubled the child tax credit. We virtually ended the estate, or death, tax on small businesses, ranches, and family farms...

"My Administration has cut more regulations in a short time than any other administration during its entire tenure. Companies are coming back to our country in large numbers thanks to historic reductions in taxes and regulations.

"We have unleashed a revolution in American energy — the United States is now the number one producer of oil and natural gas in the world. And now, for the first time in 65 years, we are a net exporter of energy.

"After 24 months of rapid progress, our economy is the envy of the world, our military is the most powerful on earth, and America is winning each and every day...

"We have a moral duty to create an immigration system that protects the lives and jobs of our citizens. Legal immigrants enrich our Nation and strengthen our society in countless ways. I want people to come into our country, but they have to come in legally...

We are now making it clear to China that after years of targeting our

industries, and stealing our intellectual property, the theft of American jobs and wealth has come to an end. Therefore, we recently imposed tariffs on \$250 billion of Chinese goods — and now our Treasury is receiving billions of dollars a month from a country that never gave us a dime. But I don't blame China for taking advantage of us — I blame our leaders and representatives for allowing this travesty to happen. I have great respect for President Xi, and we are now working on a new trade deal with China...

“Tonight, I am also asking you [Congress] to pass the United States Reciprocal Trade Act, so that if another country places an unfair tariff on an American product, we can charge them the exact same tariff on the same product that they sell to us...

To help support working parents, the time has come to pass school choice for America's children. I am also proud to be the first President to include in my budget a plan for nationwide paid family leave — so that every new parent has the chance to bond with their newborn child...

“To defend the dignity of every person, I am asking the Congress to pass legislation to prohibit the late-term abortion of children who can feel pain in the mother's womb... And let us reaffirm a fundamental truth: all children — born and unborn — are made in the holy image of God.

“The final part of my agenda is to

protect America's National Security. Over the last 2 years, we have begun to fully rebuild the United States Military — with \$700 billion last year and \$716 billion this year...

“Here, in the United States, we are alarmed by new calls to adopt socialism in our country. America was founded on liberty and independence -- not government coercion, domination, and control... Tonight, we renew our resolve that America will never be a socialist country.

“One of the most complex set of challenges we face is in the Middle East. Our approach is based on principled realism — not discredited theories that have failed for decades to yield progress. For this reason, my Administration recognized the true capital of Israel — and proudly opened the American Embassy in Jerusalem...

“My Administration has acted decisively to confront the world's leading state sponsor of terror: the radical regime in Iran... I withdrew the United States from the disastrous Iran nuclear deal. And last fall, we put in place the toughest sanctions ever imposed on a country...

“This is the time to rekindle the bonds of love and loyalty and memory that link us together as citizens, as neighbors, as patriots. This is our future — our fate — and our choice to make I am asking you to choose greatness...

“Thank you. God Bless You, God Bless America, and good night!”
