Leaked conversation of Lancet and NEJM Editors-In-Chief reveals they already know Big Pharma is a “criminal” cartel pushing rigged science.

June 10, 2020 by: Mike Adams

([Natural News](#)) In the aftermath of a stunning incident in which both *The Lancet* and *The New England Journal of Medicine* (NEJM) were [forced to retract a study that used laughably faked data to try to destroy the credibility of hydroxychloroquine](#) (and get clinical trials cancelled around the world), details of a secret conversation have leaked, documenting a phone call between the editors of the journals, during which Big Pharma is described as a “criminal” enterprise that's pushing junk science while rigging studies with altered data.

This stunning admission reveals that **even the editors of “prestigious” science journals are well aware that Big Pharma is a corrupt criminal enterprise.** And they know the game is rigged, the data are faked, and the medical journals are nothing more than Big

Pharma puppets that parrot junk science to push high-profit prescription drugs and vaccines.

As you can hear in the audio below — French audio with English subtitles — Richard Horton, the Editor-In-Chief of *The Lancet*, says:

“Now we are not going to be able to, basically, if this continues, publish any more clinical research data because the pharmaceutical companies are so financially powerful today, and are able to use such methodologies, as to have us accept papers which are apparently methodologically perfect, but which, in reality, manage to conclude what they want them to conclude.”

Paraphrased, this means **Big Pharma can rig any data necessary to achieve publication of junk science in the journals.**

This has all come to light via an individual who participated in a “closed” phone call, and who describes what he heard, including the assertion by journal editors that Big Pharma is a “criminal” operation (which is exactly what we've been reporting for nearly two decades).

Via the video description:

May 24, 2020: Philippe Douste-Blazy, Cardiology MD, Former France Health Minister and 2017 candidate for Director at WHO, former Under-Secretary-General of the United Nations, reveals that in a recent 2020 Chattam House closed door meeting,

both the editors of the Lancet and the New England Journal of Medicine stated their concerns about the criminal pressures of Big Pharma on their publications. Things are so bad that it is not science any longer.

Big Pharma's fake science racket relies on medical journals to establish LIES as “facts”

Of course, readers of this website are not surprised at all to learn the Big Pharma is rigging science papers with fabricated data to push dangerous, faulty drugs for obscene profits. **That's their entire business model**, and the “science” journals are just the puppets that rubber stamp the faked science to create the illusion of scientific validity for toxic prescription medications that rarely even work.

The entire system of Big Pharma, the FDA, medical journals and so-

called “science” is **nothing but a pyramid of lies**, an elaborate ruse to generate profits from the sales of products that harm far more people than they help.

All a grand conspiracy to murder blacks with depopulation vaccines

Much of the reason why Big Pharma and the medical journals conspired to publish fake, rigged data to destroy the evidence of hydroxychloroquine + zinc being able to save lives is because Big Pharma is gearing up to mass murder blacks with weaponized vaccines.

There exists an actual conspiracy plot to first cause millions of black Americans to be exposed to the coronavirus through the race riots, then to demand that blacks receive the vaccines first, out of a sense of “equality.” [This was just announced by depopulation globalist Melinda Gates](#), who says “people of color” should be the first to receive the (unsafe, barely tested) vaccines.

Next, as all the black people are lined up like cattle, they will be

injected with a race-specific mRNA vaccine that interferes with protein synthesis in ways that are preferentially destructive to the physiology of those of African origin. This will cause an explosion of autoimmune disorders, infertility and cancer among blacks, thus achieving the goal of depopulation and eugenics, which is the racist philosophy of mass death that underlies the vaccine industry (whose vaccines already target black babies with a 420% increased risk of autism compared to non-black babies).

This extraordinary, insidious conspiracy to exterminate black people using a plandemic, riots and vaccines is fully described in this shocking but true podcast that's banned everywhere except [Brighteon.com](https://www.brighteon.com).

False Pharma Science in a PLandemic used to Control the Population

Did you know that in **September 2019** the United Nations stated in their "Progress Indicators" on the [WHO website](https://www.who.int) that by **September 2020**:

*"The United Nations (including the WHO) will have conducted 2 system-wide training and simulation exercises including one covering the **deliberate release** of a lethal respiratory pathogen."*

This is a direct quote from the Global Preparedness Monitoring Board and it explains why Bill Gates and all the governments that he meets with are so confident that there will be a second pandemic (wave) this year before September and that a vaccine will be needed to 'return the world to normal' - [WHO Second Pandemic Planned by September 2020](#). (7 min video) and [Bill Gate's influence over global health policies, media and education](#) (3 mins).

In 2020 we are experiencing the removal of our health freedom globally based on a medical-industry tyranny that is being promoted by pharma-funded science in government health policies. This is due to lobbying and large donations from industry to governments and through fear campaigns in the [pharma-Bill Gates/industry-sponsored mainstream media](#).

This is not a conspiracy '**theory**' as the industry-funded mainstream media is claiming. It is a collaboration between the medical-industry

paradigm, governments and the World Health Organisation (WHO): a **WHO** that is advised on global vaccination programs by the [Bill Gates funded GAVI alliance](#) that also includes the **Federation of Pharmaceutical Companies, the World Bank and the International Monetary Fund etc etc.**

If this were not true then the **University of Wollongong** would not be standing by my [PhD thesis](#) that provides the evidence of the private-public partnerships in the GAVI alliance that influenced the design of the Global International Health Regulations that included emergency powers if a 'global pandemic' was called. To do this the WHO had to first change the [definition of a 'global pandemic'](#).

This is a PAndemic not a Pandemic.

So how have we arrived at this point in 2020 when the threat from infectious diseases in developed countries was removed in 1950 *without vaccines*? This inconvenient fact is being removed from school curriculums and from the education of doctors. Please take the time to listen to these two doctors discussing the risks of vaccines and the lack of education they received on infectious diseases and vaccines in their medical education – [Dr. Sherri Tenpenny and Dr. Suzanne Humphries](#). These doctors have both been hindered from coming to Australia to speak on this topic.

This inconvenient fact about the control of infectious diseases was also not mentioned by the industry-scientists who planned this COVID-19 global pandemic 'Preparedness Response' at [Event 201 on 18 October 2019](#).

Manipulated statistics and simplified non-transparent diagnosis of disease / death are being presented in biased reporting in the mainstream media. Anyone who questions this narrative is then presented as a 'conspiracy theorist' to dismiss their evidence-based claims about the control of infectious diseases and the very real risks of vaccines in genetically diverse populations. Journalists also smear the reputations of the messenger of **public interest** science in Australia - **with impunity**.

This censorship of the science in education curriculums, the mainstream media and on government websites results in **confirmation bias** so that people are believing in vaccines without scrutinising the science. This is contrary to scientific methodology that is used to produce *evidence-based medicine*. Due to the media bullying of anyone who questions vaccines people start their conversations with "I'm pro-vaccine" and you can be 100% sure that they have NEVER investigated the science.

Diagnosis of “COVID19” does not mean that the patient has SARSCov2 Virus

June 18, 2020 By [Judy Wilyman PhD](#)

Recently we have seen a serious outbreak of disease in some countries (not a global pandemic) in 2020 and the cause of this disease needs to be properly investigated. There are 2 facts that need to be publicised about the disease that is being called 'COVID19':

1. The new mutated coronavirus 2019 that is being called “SARSCov2” has not been identified in every case or death that is being diagnosed as a COVID19. This is because **clinical diagnosis** (flu-like symptoms only) is being used in most cases to diagnose 'COVID19' and the laboratory tests that are being done [cannot identify the natural SARSCov2virus](#) – only the generic coronavirus sequences that we are all exposed to every year and many of us will be positive if tested. So we do not have transparent statistics on the cause of this outbreak of disease or the true number of deaths due to the new mutated coronavirus. All of these deaths

have co-morbidities that are hidden in the media statistics.

2. A serious outbreak of disease in some countries is not a basis for declaring that a new mutated coronavirus could result in a '**global pandemic**'. This idea is based on the false premise that a virus always causes disease in the person that it infects and that it will cause serious disease in all countries. The fact that environmental and lifestyle factors play a role in the expression of 'disease' (asymptomatic, mild, serious or death) was not factored into the generic '**prediction contagion model**' that was used by the private sector to advise all countries of a 'global pandemic' with wildly exaggerated statistics on the deaths. Declaring a pandemic would result in countries giving their sovereignty to an outside organisation (under the **WHO/GAVI International Health Regulations**) whose corporate vested interests are not the same as the **public's interest** in health.

The Australian government has not acted in a '*precautionary manner*', as it claims, by locking down the healthy population, social distancing and coercing people to get a flu vaccine to visit their friends and family in aged-care facilities. The Prime Minister, Scott Morrison, has

acted unlawfully and against the scientific practices that have been used for decades to control infectious diseases globally.

False pharma science and non-transparent statistics have been used to destroy the Australian economy and the health of the Australian population by implementing measures that were not proportionate to any REAL risk that had been identified from this virus under Australian conditions – *prior to requesting emergency powers.*

Interestingly, Scott Morrison decided we were going to have a pandemic of a virus on the **21 January 2020** when there were no cases of this disease in Australia or outside China ([only 41 cases confirmed in China and one in Thailand](#)).

In fact, on the 21 January 2020 the WHO stated that the human-to-human transmission of this virus was still unknown and the WHO emergency committee had not declared this virus to be a **public health emergency of global concern** until **11 March 2020**. This was the date that the WHO first declared the virus to be a **'global pandemic.'**

So why did our prime minister think that **41 cases** of a disease in **Wuhan, China** was going to cause a 'global pandemic' in Australia in January 2020? And why were the normal practices for controlling infectious disease outbreaks **that have been used for decades**

abandoned when there were no cases of this disease in Australia? Further, the cases that started to appear after this date have not been proven to have the [new mutated 2019 coronavirus\(SARSCov2 virus\)](#).

The Prime Minister needs to explain why he has used **false pharma science** to destroy our economy and to remove fundamental human rights from Australians. It is imperative that he opens the Australian borders immediately, removes social distancing and puts a moratorium on all coercive vaccination policies until this planned 'global pandemic' is supported by real evidence.

This video from **Dr. Rashid Buttar** describes the fake news about coronavirus statistics that is being provided in the mainstream media and by governments every day – [Part 1 of 3 Dr. Rashid Buttar exposes Fake News](#) (17 mins).
