# Pastor: Do Champions of Socialism Realize That Karl Marx Held a Deep Belief in God?

BY JAN JEKIELEK AND MELANIE SUN  
November 2nd, 2021 [Epoch Times](#)

Karl Marx, the father of scientific socialism, once wrote that he knew he was born to God but was chosen for hell, author and radio host Dr. David Jeremiah said of many of the “aha! moments” he experienced in his year-long study of socialism, during which he read everything he could find on the ideology, including what motivated Marx in his ideological writings.

Dr. David Jeremiah, founder of Turning Point for God, in southern California on Oct. 29, 2021. (Jack Wang/The Epoch Times)

People don't realize that Marx's socialist theories are all based on a fundamental belief in the existence of God, but a hatred and opposition to everything God has taught, Dr. Jeremiah said.

You know, socialists don't believe that there is no God—they're not atheists," he told EpochTV's "American Thought Leaders." "They're anti-God." (Full on-camera interview on EpochTV coming in a few days).

"In fact, Karl Marx ... was a cheerleader for the devil," he explained of his research, which he said has given him a new way of viewing trends in news and social policy that he believes can help Americans understand the social turmoil in the country right now.

Dr. Jeremiah, a pastor and founder of Turning Point Radio and Television Ministries, recently released a book to share his findings about the dangers of socialism titled **"Where Do We Go From Here?"**

"Just about every chapter in this book, in some way or another, goes back to things that I learned about socialism," he told host Jan Jekielek. "And now, what is so amazing to me is, because I've sensitized my mind and heart to all of this, every day on the news, I see vivid examples of what's happening and how it's affecting us as a nation."

The culture of canceling everything you don't agree with has bred the roots of totalitarianism in American society, Dr. Jeremiah warned.

He listed various negative trends,

like parents being told that they shouldn't have any say over the content taught in schools, Republicans and Democrats not being able to agree to disagree, and Christians being fired from their workplaces for sharing their faith, as examples of how Marx's socialist ideas are eroding unity among people.

Censorship of ideas is not what Dr. Jeremiah grew up with in America, but has become normal social behavior in 2021.

"There's nothing that is really true that should be afraid of challenge," Dr. Jeremiah challenged. "If it's true, it's true. It shouldn't be an issue for it to be challenged, because truth will win, no matter what the challenge is. But if it's not true, then you can. So all the stuff that's going on right now is interesting to me in light of that discussion, because ... most of it is lies."

In his book, Dr. Jeremiah describes socialism as "a deadly virus [that] is quietly spreading throughout our nation—far more lethal than COVID-19."

But he warned that "most Americans are totally unaware of the threat that it poses to our way of life."

"It's like smoke coming under the door. You just see it a little bit, but

it's no big deal. [But] if we don't become aware of it, it'll be very destructive.

"That's why I wrote the book," he said. "I wanted to help people understand."

He said that many readers have since told him, "You answered all the questions I didn't know who to ask."

"What I wanted to do is help them see the connectedness [sic] between so many of these things that are happening to us," he said. "I wrote about the tearing down of monuments; it's just not a bunch of rowdy kids out there trying to have fun knocking monuments down ... Completely obliterate history so you can write a new one; that's all part of how this whole thing works, that's all a part of socialism."

"Get rid of the things people hold dear, destroy the things that are at the core of who they are as people—their family, their church, their marriage—and then come into that vacuum, and bring all of this rottenness called socialism. And if people understand that, it makes them aware," he said.

"We need to have an awareness of this because it's deadly. It will destroy everything.

"Venezuela is a perfect picture of where we're headed if we don't stop this. It's amazing to realize, just in

our lifetime not long ago, Venezuela was the richest country in that part of the world. People had the same standard of living that we do.”

Dr. Jeremiah said he hopes that talking more about the truth of socialism and its anti-God beliefs will help more people understand the problems of today.

“One of his [Marx’s] key phrases was to wipe God out of heaven and capitalists off the earth. That was his two-fold program,” he said. “There’s a lot of university students who were captivated by this.”

“It’s really scary to me ... some of the statistics I cited in this book really bear that out, that young people between 18 and 25—I think 60-some percent of them—think socialism is cool, it’s OK; more than anything else because of all the free stuff they get promised in the process.

“But when they understand the roots of socialism, it makes them stop and think,” he said.

He said he has seen many young people wake up to the truth about socialism.

“It leaves them empty,” he said of what often happens when socialism takes hold of a person’s psyche. “It takes them to a place where they don’t want to go, and they don’t realize it on the journey.

“[A]ll of a sudden, they wake up one day, and it doesn’t have anything to breathe into them, and they realize that. I see that a lot,” he said.

Dr. Jeremiah also commented that the church isn’t free of socialism either, with some people claiming to be practicing Christian socialists.

“Sometimes, they like to cite passages in the Bible, like in the book of Acts where they all held things together. But that wasn’t socialism; that was just a bunch of Christians sharing what they had during a tough time.

“There is no biblical basis whatsoever for socialism, either in the Old Testament or in the New Testament ... because socialism is totally at the opposite end of the spectrum from what it means to be a God-fearing person,” he said.

In his research, Dr. Jeremiah said he hasn’t found one good story about socialism.

“All the reading I did and all the stuff I studied, everybody talks about it, I can’t find one good story that ends right because socialism is evil, and it takes people down, it doesn’t lift them up,” he said.

# Queensland getting so many vaccine injury reports that Qld Health has announced it can't keep up *(foreign press reports)*

November 01, 2021 by: [Ethan Huff](#)

([Natural News](#)) So many “fully vaccinated” Aussies are getting really sick or dying from their Wuhan coronavirus (Covid-19) injections that Queensland Health claims it is [no longer able](#) to keep up with data tracking.

The pro-jab organization has confirmed that “adverse vaccination events” are soaring to record highs, and that many vaccine-induced disease cases are having to be skipped over because there are just too many of them to keep track of at this point.

“Due to the large number of adverse events being reported throughout Queensland we are unable to routinely contact every reporter individually,” reported Queensland Health on its website.

“Someone from the Public Health Unit in your area may contact you or your health provider if they require more information for reporting and surveillance purposes. If you have any concerns about ongoing symptoms or future vaccinations, please speak to your GP or Healthcare provider.”

## What is CDS?

Chlorine Dioxide Solution is a concentrated aqueous solution of 0,3% (3000ppm) of chlorine dioxide gas, with no sodium chlorite (NaClO<sub>2</sub>) content in the solution and has a neutral pH. 10ml is diluted with 1 litre of water obtaining 0,003% (30ppm) in 10 shots of 100ml every hour as a daily dose. (= 3mg ClO<sub>2</sub> per dose)

## What is MMS?

MMS results from the mixture of sodium chlorite (NaClO<sub>2</sub>) activated with citric acid. MMS contains sodium chlorite and is of acidic pH. It works excellent for many illnesses, but there is a stomach reaction and it can cause diarrhea as a side effect and its taste is unpleasant for many. It is the basis for manufacturing CDS

## What is CD?

CD is a more advanced form of MMS. It is the mixture of sodium chlorite (NaClO<sub>2</sub>) activated with hydrochloric acid that contains sodium chlorite and has an acidic pH. It is better in taste and can be useful for its easy transport but it has a secondary stomach reaction. It is the basis for manufacturing CDS.

## What is ClO<sub>2</sub>, Chlorine Dioxide?

Chlorine dioxide is just the gas from the reaction of sodium chlorite (NaClO<sub>2</sub>) activated with an acid, which is very soluble in water and evaporates at 11 °C.
