Queensland Extension of Expiring Provisions bill passes – 82 votes to 5 reassuring voters the Liberals and ALP want to keep killing you with vaxx mandates

– [APR 2](#) Posted by [Editor, cairnsnews](#)
by **Stephen Andrew MP for Mirani**

The Bill extending the ongoing use of emergency powers passed earlier today.

It did so amidst the deafening roars of Queensland's furious citizenry, outraged at the state's ongoing slide into tyranny.

The second reading vote (the one that counts) was held at 5.22pm. The final result of the second reading was 82 votes in favour and 5 against. The five 'NOs' were myself, all three members of the Katter Australia Party, and the Independent Member for Noosa, Mrs Sandy Bolton.

When push came to shove, however, not a single member of the LNP found it within themselves to oppose the Bill until the 3rd reading when a division was called and the opposition changed their vote to end up 48 Ayes to 36 Noes.

Despite many admitting in their speeches, that they had been flooded by people begging them to vote against it, it wasn't until the 11th hour.

A few even acknowledged that the vast majority in their electorates were opposed to it.

The debate had earlier been 'guillotined' by Labor, denying many members, including myself, from getting a chance to speak on the Bill.

I will post a copy of it later, so anyone interested can read what I planned to say.

It was a gut-wrenching end to a grueling week in Parliament. Never was the Government's hubris and arrogance more on display than it was today.

Studiously ignoring the stormy protests outside, one after another stood up and proceeded to gaslight the hell out of Queenslanders opposed to the Bill.

Instead of acknowledging people's concerns, frustration and anger, or recognising what many have gone through the last 2 years, one Member said haughtily:

“I am sure all members of Parliament have been hammered by the anti-vaxxers who have gone down a rabbit hole with Ivermectin and hydroxychloroquine”.

I can only imagine how all those Queenslanders who fought so long and hard to stop this Bill, must be feeling tonight.

On a positive note, I want to thank my fellow cross-bench members, Sandy Bolton, Robbie Katter, Shane Knuth and Nick Dametto. All four were absolute stand-outs this week. Their electorates are lucky to have them.

All day, today, the chamber was filled with the 'sound and fury' of the people of this great state.

By the time the vote was taken, MPs were struggling to be heard above the din. I am willing to bet that nothing remotely like it has ever been seen before in Qld.

Katters Australian Party members Shane Knuth (Hill); Leader Robbie Katter (Traeger) and Nick Dametto (Hinchinbrook) vigorously opposed the tyrannical bill which enables the madmen and women of the Labor Party backed by Deep State to shut down the state at their whim.

Oh I know, we have had riots and protests before, but not like this.

This phenomenon of ordinary Queensland citizens taking to the streets in 'numbers too big to ignore' is completely unprecedented.

Everyday Mums and Dads, small business owners, tradies, truckers, emergency workers, nurses, teachers, sole traders, defence force staff, firefighters and pilots – these are the people who have drawn a line and said enough!

People who were once regarded as the 'backbone of this nation'.

Described as “a minority group” by the Health Minister today.

I salute them all!

Morrison and WEF interlocked to bring Australia down destroying national sovereignty

APR 4 Posted by [Editor, cairnsnews](#) by Alison Ryan <https://tinyurl.com/2p83x6an>

BREAKING: The full email package between Scott Morrison and Klaus Schwab confirming that he is acting as a proxy to the World Economic Forum's great reset. This is treason, there is no other word for it. The Australian people did not sacrifice their husbands and children in two wars to give the country over to global fascism by stealth.

Covid vaxx claims 15 fully vaxxed players at Miami Open tennis tournament

APR 7 Posted by [Editor, cairnsnews](#) from *Natural News*

Some of the world's top athletes are either collapsing on the field/court or becoming too weak to play their favorite sport. At the Miami Open, [15 fully-vaccinated players withdrew during the competition](#), leaving spectators baffled. Some of the crowd's favorites had to leave the competition early, including Paula Badosa from Spain and Jannik Sinner from Italy. They retired from their quarterfinal contests on the same day.

Earlier, Rafael Nadal had to leave the court for treatment after experiencing chest pain during his match against Taylor Fritz in the Indian Wells final. He was able to continue, but was clearly struggling with his breathing as the unheralded Fritz completed an upset and handed Nadal his first loss this season.

All three players succumbed to the Wuhan coronavirus (COVID-19) vaccine mandate imposed by the Australian Open in 2021. Their health has apparently deteriorated since then. It was the Australian Open that banned well-informed, unvaccinated players from the sport. The number one men's player, Novak Djokovic, faced discrimination for choosing not to partake in this forceful experiment.

Although Djokovic was persecuted, at least his heart, brain and immune system can still function normally. Despite being slandered and discriminated against, he can still play his favorite sport with dignity and has retained authority over his health and body autonomy.

Even the corporate media is reporting on the medical anomalies. Yahoo Sports published an article titled, "[“Whats going on: Tennis world stunned after Miami Open carnage.”](#) During the Miami Open, five fully-vaxxed men had to retire from the competition. They include Matt Moraing (Germany), Holger Rune (Denmark), Jan-Lennard Struff (Germany), Reilly Opelka (United States) and Sinner.

There was a total of 10 women (also fully vaxxed) who had to withdraw. They include Maryna Zanevska (Belgium), Caroline Garcia (France), Clara Tauson (Denmark), Dalma Galfi (Hungary), Anna Kalinskaya (Russia), Karolina Muchova (Czech Republic), Katerina Siniakova (Czech Republic), Victoria Azarenka (Belarus), Anhelina Kalinina (Ukraine) and Badosa.

Fully-vaxxed cyclists and swimmers are collapsing, too

It's not just tennis players who are experiencing chest pains, myocarditis, strokes, syncope and shortness of breath after receiving these [bioweapon vaccines](#). The Tour de France, which spans 2,068 miles, hosts the world's best cyclists. In its 118-year history, only a single cyclist suddenly collapsed on the course due to health reasons.

Covid vaxxed Scottish cyclist John Paul goes down at Tour-de-France March, 2022. Paul was 28 when he passed away.

In 2022, this all changed as [three professional cyclists suddenly collapsed with cardiac events](#). Two of the cyclists died. The first person fatally affected was John Paul (Scotland), who passed away on March 9, 2022. After becoming the junior sprint champion in 2011, Paul represented Scotland at the 2010 and 2014 Commonwealth Games. He was taken out at the age of 28. The second professional cyclist affected was Cedric Baekeland (Belgium). He complained of chest discomfort after training with his team on the Spanish island of Mallorca. He was taken out on March 14, 2022 at the age of 28. The third event involved Sonny Colbrelli, who suffered a cardiac event after crossing the finish line of the Volta a Catalunya in Spain. The Italian cyclist was saved with a defibrillator but may never play again due to permanent cardiovascular damage.

The official COVID narrative is dissipating because many vaccinated people are going through hell. Young, healthy people are collapsing with heart attacks because the so-called vaccine causes blood clots and inflammation of the heart.

These crimes against humanity must come to an end.

PRAY!
